SGA LOOKING FOR STUDENT INVOLVEMENT

By Nancy Jensen

This semester, the Student Government Association is focusing in on motivating Wagner students to get involved in school activities and to become more active student leaders.

For this purpose, the SGA and the Dean of Students' Office jointly sponsored a "Student Leadership Conference," held on January 23 and 24. According to SGA Treasurer Wade Appelman, the

participants, who included the leaders of student organizations as well as SGA members, came up with a list of many of the needs and concerns of Wagner College students. After considering these issues, ten subcommittees of the SGA were formed to deal with major areas of concern. These include a "Student Leadership Incentives and Recognition" committee chaired by Appelman, in charge of finding

ways to motivate people to become student leaders, and a committee headed by SGA President Rick Auletta, concerned with obtaining new outdoor recreational facilities. Some other areas covered by committees include the improvement of the school food service and resident life.

As part of the plan to encourage student leaders to become more active, SGA is planning an award banquet to be held at the end of the semester. The banquet will honor students who have been successful, motivated leaders this year. Treasurer Appelman explains the SGA's intention to make the ceremony "very prestigious, as prestigious as the Academic Awards Convocation, held at the end

of the year to honor students who have achieved academic excellence." The plans include a dinner, the formation of a nominating committee, and the presentation of awards to selected student leaders. Appelman feels that the ceremony is necessary so that "people will realize that they are getting some recognition."

The Student Leadership Conference was called in part to try to remedy the lack of student involvement on campus. Participants discussed some of the possible reasons for this problem. Appelman noted that among the reasons cited was "the lack of publicity for some of the smaller organizations as to

(cont'd on p.2)

BREGENZ IN THE SUMMER

By Jon Lombardi

This year for the first time there are two new summer courses added for the Bregenz study program. Now it is possible for any student to travel to Europe and receive credit for the experience of a lifetime.

Courses offered include German conversation and culture, and also exploring nature in Europe. Departure date is May 30th and classes run June 2nd through July 10. The schedule is Monday through Thursday for two hours each day. There are no prerequisites needed and the courses can be applied to the Tier 1 and 2 distribution that Wagner College requires.

In conversing with Mrs. Perri, the new Bregenz director, I discovered many things. "Bregenz is a beautiful town on a big lake. The students get to live with Austrian families and experience a first hand chance to absorb the culture."

The program has a little something for everyone. Nursing majors who follow a very strict schedule during the school term have the opportunity to attend Bregenz in the summer. For music majors there are summer music festivals on the lake and the Vienna opera plays till June 30th. For everyone else there is the chance to travel. Germany, Switzerland, France and Italy are only a train ride

away. "You can be there in hours and the railway system is clean, safe and on time," said Perri.

The cost of this excursion is \$1,060 for air fare, room and board plus the tuition for credit. It is also advised that students buy a Eurail pass for \$375 which enables them to ride the railroad endlessly for the summer. For more information, contact Mrs. Ruth Perri at 390-3107 or stop by the Bregenz office in the New Administration Building, Room 110.

Mrs. Ruth Perri, new Bregenz director, encourages students to visit the Wagner campus in Austria.

PROPOSED HVH PLANS ANNOUNCED

By Jim McGrath

During the winter break, a meeting of the Campus Committee for the Wagner I Eger Housing Project was held to inform several faculty and alumni of the proposed plans under consideration.

The idea is to convert Harbor View Hall into independent living apartments for 65 year old retired adults who are willing to pay an entrance fee equivalent to the value of their home, which would probably range from \$150-250 thousand dollars.

The projected number of units is between 106 and 134; approximately eight to 14 per floor. Each apartment will consist of one or two bedrooms and a "Built-in" kitchen. There

will be a central dining room that will provide two meals a day, a third will be optional.

The roof of Harbor View could be converted into a lounge area where occupants could meet or entertain.

Parking space would be available, and a nurses station would be placed on the ground floor.

During the meeting, several theoretical possibilities were discussed which dealt with integrating senior citizens into the Wagner College atmosphere.

At present, there are no new developments on the negotiations between Wagner and the representatives from Eger.

Involvement cont'd from front page

when their meetings are. Students are scared to go to that initial meeting and get involved. Spreading it by word of mouth is often the best way to get people involved." At the conference, student leaders discussed the proper way to publicize events.

On Tuesday, February 18, three Student Government members will be attending the Board of Trustees meeting. They will be bringing the concerns of students to the board, serving as "the students direct voice to the Trustees." Appelman encourages students who want to have a voice as

to what will be discussed to make their views known to one of the representatives.

SGA is loading its guns this semester, actively fighting to defeat "student apathy." Appelman explains that students should see SGA as "an organization that does care about student concerns and tries to help, but needs more help from students. He encourages interested students to attend SGA meetings, or to drop off a letter telling SGA about their ideas and concerns. The next meeting will be held Tuesday, February 25, at 3:30 in Union 108.

FOR YOUR INFORMATION

By Maria Moscato

Wagner's Kade Gallery has mounted a photo exhibition for the month of February. The display consists of the works of photographer Lili Lauritano, a 1975 graduate of Wagner. Her photos have been exhibited at "The Biennial N.J. Artists Exhibition" in the New Jersey State Museum and at "Fotovision '83" in the Foto Gallery in Manhattan. Lauritano is an adjunct photography instructor at County College of Morris, Brookdale Community College, and Rockland Community College.

The snapshots selected for this expo span a four year period (1981-1985), and capture suburban scenes and rural landscapes. Most of the photos were taken with "The Diana," an inexpensive plastic camera made in Hong Kong, which adds to the uniqueness of the show.

Hours at the Gallery are 11:00 a.m. to 4:00 p.m. from Tuesday through Saturday.

Wagner College received a \$1,900 unrestricted grant from

the Sears-Roebuck Foundation, which is awarding these grants to privately-supported colleges and universities across the United States.

Wagner College is one of 956 private accredited two and four-year institutions sharing in the \$1,750,000 donated by the Sears Foundation for the 1985-86 academic year. Funds may be used as the colleges and universities deem necessary.

The Adolph Coors Company is taking applications for the 1986 Coors Veterans' Memorial Scholarship Fund. This fund provides more than \$500,000 to the sons and daughters of American veterans.

The company will award a minimum of 100 scholarships, with a maximum of \$5,000 each, to eligible students who have successfully completed their freshman year.

Eligibility requirements are as follows: Applicants must have completed one year of college at a fully accredited four-year institution in the U.S., must have a GPA of at least 2.75 on a 4.0 scale, and must be under 22 years of age

as of July 1, 1986. They must also be a dependent of a U.S. Veteran (either honorably discharged, killed in action, missing in action, or who died in the line of duty. No restrictions are placed as to when the service person was in the Armed Forces.

Applications will be available starting March 3, and can be obtained from local Coors distributors or participating veterans organizations, by writing Coors Veterans Memorial Fund, P.O. Box 7529, Wheeling, IL 60090, or by calling toll-free to 1-800-49COORS.

The deadline for applications and all other included materials is July 1, 1986.

Attention: Students currently benefitting from the New York State Tuition Assistance (TAP), or who need TAP funding:

Your help is needed in a statewide effort to convince New York state legislators that a TAP increase is necessary. When TAP was first instituted in 1974, funding for students covered up to 60% of

tuition. However, due to inflation and increasing tuition costs, the maximum percentage of tuition covered has shrunk to 42%. The TAP grant has not been increased for 1985-86.

You can help change this situation by writing a brief, personalized letter to your representative letting him or her know that college students need more assistance from TAP. The name and address of your representative may be obtained through your Financial Aid office or Campus Office of Government Relations:

Or, write to the legislative leaders:

In the Senate:
The Honorable Warren Anderson and The Honorable Kenneth P. Lavelle
New York State Senate
Albany, NY 12247

In the Assembly:
The Honorable Stanley Fink and The Honorable Mark Alan Siegel

New York State Assembly
Albany, NY 12248

EDITORIAL

AN OPEN LETTER TO THE BOARD OF TRUSTEES

Tuesday is an important day on the Wagner campus. On the 18th, our Board of Trustees hold their first meeting of 1986. During this meeting, the fifteen or so distinguished members of the Board discuss matters which concerns each of us in some way.

As usual, several students are invited to attend a segment of this meeting. These include the Student Government officers, the editor of The Wagnerian, and for the first time, the president of the Student Activities Board. The students are not involved with any policymaking, however, there is time set aside when the students get to tell the Board how the school looks from their side.

With this in mind, I shall now begin this official open letter to the Board of Trustees (because I'm not scheduled to talk):

To Dr. Siegart, President Frank, and Other Distinguished Trustees:

Recently, a selected few students gathered for the first ever Student Leaders Conference. During these two days, a lot of ideas were discussed, however, the administrators and students which were gathered also talked about problems within our community. This sounds like a typical session of complaining, but I feel that the foundation was set for what has the potential to become a major turnaround among the students at Wagner. For the first time in my four years at Wagner, I saw that people cared and really want to make an effort to change the way of life here. Proposals were made and goals were set, in essence, something concrete is being done to alleviate the burden of student apathy which has stuck out like a sore thumb in my tenure at Wagner. However, we would appreciate your help. The students who live on campus have decided that they want more to do in terms of recreation and culture. I hope that this will be remembered when the Board votes on the proposals which affect student life at our school, although this issue will probably be reinforced at the meeting. Thank you for your consideration.

Sincerely,

James F. McGrath

The Wagnerian is a student-run publication which serves as the official newspaper of the Wagner community. All letters to the editor must be legible and signed by the author. The Wagnerian is located at 631 Howard Ave. Union 227, Staten Island, New York, 10301. (718) 390-3153.

Seiler's Comment Box

To: Whom it may concern,
I feel any employee of Seiler's should not be allowed to smoke on duty. On February 7th, I saw two ladies cleaning the fixing bar and smoking. If these people are allowed to smoke, how do you expect to reduce smoking by customers?

A concerned party

Dear: "Concerned party,"
While it is not a goal of this food service to discourage customers from smoking, it is definitely not proper or allowed for food service employees to smoke while working, especially with food.

I have done my best to identify the servers that you spoke of, and I warned them about another incident such as this. It would be helpful if you would find a manager in the future and point out the situation.

We can then be sure that we corrected the proper people.

Thank you for bringing this serious matter to my attention.

Don

Dear Seilers,

What happened? I used to look forward to meals and now I dread it. Your service is getting poorer and poorer. Your portions are just right for mice, but I wouldn't feed it to them for fear of impending on cruelty for animals. It's a sorry day when we have to admit, TJ's looking better and better.

Signed,
Fear of your food

I'm sorry to hear that you're not pleased with our services. Please stop in and see me with some specifics and I will do what I can. Perhaps there are other students who feel the same. A meeting could be arranged to hear all of you ideas for change in the dining program, or you could attend the next Food Service Committee meeting. It will be held in Room 107 of the Union at 3:30 on the 4th of March. Here, ideas and comments are discussed and action taken.

Hope to see you and your friends there.

Don

WAGNER ON PARADE : G.I. PARTY, OPENING NIGHT AT THE "21" AND SNOWBOUND

Eyes On Fashion

By Rose Verdi

One of the new looks in fashion today is actually an old look making a comeback. This style is the dropped waist, usually accented in contrasting trim of color or fabric or gently subdued to emphasize an interesting neckline or shoulder details. It

is usually most flattering for the longer torso. However, variations of this style can be made for almost any type of figure such as the "slanted" waist, which can reduce a fuller hipline, or "dipped," most effective for the slight figure.

A EUROPEAN ADVENTURE

Book Review

The Scarlet Pimpernel

By Baroness Orczy

Copyright 1982

By Patricia D. Coscia

This book takes place in 1792, during the French Revolution, thus driven to excess by its own triumph, had turned into a reign of terror. While daily, tumblis rolls over the cobbled streets of Paris which bears new victims to the insatiable Madame Guillotine. The stage was set with the most enthralling historical adventure. The mysterious figure known as the Scarlet Pimpernel, sworn to rescue hapless men, women, and children from their doom;

his implacable foe, the French agent Chauvelin, relentlessly hunting him down; and the lovely Lady Marguerite Blakerey, a beautiful French exile married to an English lord and caught in a terrible conflict of loyalties - all play their parts in a suspenseful tale that ranges from the squalid slums of Paris to the aristocratic salons of London, from intrigue on a great English country estate to final denouement on the cliffs of the French coast. There have been many imitations of "The Scarlet Pimpernel," but none has ever equalled its superb sense of color and drama - and its irresistible gift of wonderfully romantic escape.

A Course For R.A.'s

By Gretchen Busch

So you want to be an R.A.... then you must have heard about the new R.A. course being offered in the Spring. For those of you who really want to be R.A.'s, or for those current R.A.'s who wish to retain their positions, it is very important, or should I say mandatory, that this class be on your schedule for the upcoming semester. You might have noticed it on the course listing. It is called "Residence Life Management" (Education 591), and it will be taught by none other than our Dean of Students, Dr. Richard DiRuzza. Prior to coming to Wagner, he taught the same course for six years at Penn State and it proved to be quite successful.

problems, and safety techniques, including first aid care.

Resident halls should provide the student with more than just four walls and a roof," said DiRuzza. "They should function as a training ground, supplementing the education the student is already receiving in the classroom. If this is not the case, if the right type of educational environment is not being created within the dorms, then there is little purpose for this. Students might as well live at home or in off-campus housing. Thus it is essential that the school have a well-trained R.A. staff to see to it that such an atmosphere is maintained.

Now, if all of this has failed to convince you of what a great course you have just signed up for, here is a little added incentive - "three credits and a real live grade!"

What do you have in common with Clara Barton?

A lot — if you're the kind of person who feels deeply for all people; who thinks that social justice and equality aren't just words, but require action. A lot — if you think there are many paths to truth to explore. A lot — if you believe that what you think and feel, what you meditate and pray for, can be acted on daily.

For those who share these beliefs, there is a faith that welcomes and supports free and independent-thinking people who have hope for the future. Unitarian Universalism — it's the faith that helped sustain Dr. Albert Schweitzer, Henry David Thoreau and Dorothea Dix. It's the faith of people down the street from you. Maybe we have something in common.

Think about it. If you would like to visit a Unitarian Universalist congregation this week, welcome!

THE UNITARIAN CHURCH OF STATEN ISLAND

312 FILLMORE STREET, (at Clinton Ave.) STATEN ISLAND, N.Y. 10301
Ben Bortin, Minister Tel. (718) 448-8667

This is a course in everything you ever wanted to know about being an R.A. - but perhaps, just never thought to ask. Discussions will focus on fundamental duties as administrator and enforcer of rules and regulations, as well as the added task of counselor to those on your floor with special problems and needs. You have to be tough, to be sure, but it is equally important that you learn to act as a resource, especially for the freshmen, to whom dorm life is often the most new and strange. The course will also deal with more specific issues, such as, that first floor meeting," roommate

Shehawks Getting Hot Down The Stretch

The Shehawks basketball team is standing well in the Cosmopolitan Congerence. At present they are third with a 6-4 conference, however their overall tally is 15-7.

Leading the women this season has been Stephanie Samuels. Samuels is the dominant force behind the Wagner offensive attack, averaging 22.8 points and 14.9 rebounds per contest. With five regular season games remaining, she needs just 53 points to break Mary Gormley's (1977-81) all-time total of 1,734. Her rebounding average ranks her 2nd in the nation.

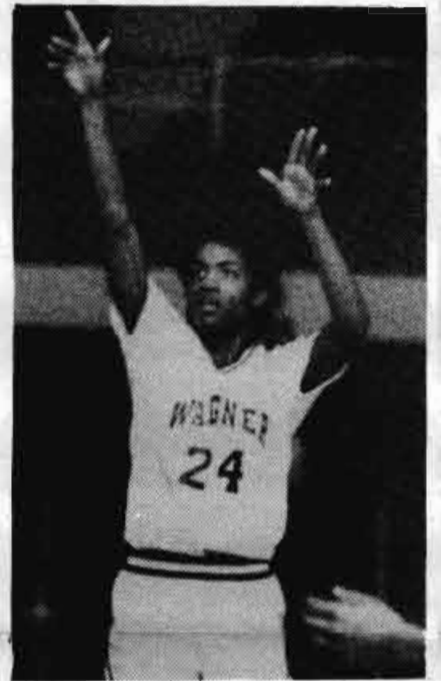

Also performing well has been Lisa Holoman. Despite a slight scoring drought in the last three games Holoman is still averaging almost 18 points this season while moving up the Wagner career scoring ranks. She is currently in sixth.

Senior point guard Gerri McCormick has also been consistent this season. Her 8.2 assist per game average is fourth in the national ranks.

However, it is the newer Shehawk faces which pop into the picture occasionally. In the Iona win, freshman Michele Jamate tossed in 13 points, one shy of her previous

nine game accumulation. Shawn Martin scored a Wagner career high of 17 while grabbing seven rebounds. Also in that game, freshmen Claire Magner and Celisse Obey combined for 18 points and 10 rebounds, while Maureen Coughlin, another freshman, added 14.

The Shehawks next game is at home tomorrow against L.I.U., whom they beat by 30 points during the winter break. Game time is 5:00 p.m.

Stephanie Samuels (#24) leads the Shehawks in scoring and rebounding.

SEAHAWKS (Continued from back page)

Some missed opportunities hurt the Hawks and the teams were tied at the half.

The second half was as exciting as the first, with even exchanges by both teams. With Wagner ahead 73-70 and 2:27 left on the clock, things went sour. Bailey missed a jump and Van Drost lost the ball leading to a 75-73 Greyhound lead. The score would later be tied at 75 and it was with :45 remaining on the clock when a controversial jump ball was called when Van Drost and Gately dove for a loose ball in the lane. Coach Neil Kennett felt the steal on Van Drost was a foul. From

there the Greyhounds elected to run the clock down. It was with :02 left when James "Pop" Tubman, a Junior guard, canned a long range jumpshot to lift the Greyhounds, now 6-5 in the conference and 11-9 overall, to a 77-75 win cancelling out Terrance Bailey's 31 point performance.

The last two losses left the Seahawks 5-6 in the ECAC-Metro and 10-12 overall. As far as the playoffs are concerned, every game down the stretch will require the same grit and determination that has kept the Seahawks in the hunt to this point.

The Wagnerian would like to wish everyone a Happy Valentine's Day whether they deserve it or not.

THE ARMY NURSING CHALLENGE.

You've worked hard getting your degree, hard enough that you'd like to continue the challenge. That's what Army Nursing offers. The challenge of professional practice, new study opportunities, continuing education and travel are all part of Army Nursing. And you'll have the respect and dignity accorded an officer in the United States Army.

If you're working on your BSN or if you already have a BSN and are registered to practice in the United States or Puerto Rico, talk to our Army Nurse Corps Recruiter.

SEAHAWKS DROP TWO

By John Tomasulo

When the Wagner Seahawks went into Monmouth to take on a key divisional rival, they found themselves without Andre Van Drost and Largest Agbejemisin as the result of an ugly bench-clearing brawl against Marist College. They also had two other key players, Terrance Bailey and Omar Johnson, shaking the flu bug.

However, the Seahawks, who were coming off an important win over Marist, showed plenty of desire despite losing. At Monmouth, the Seahawks found a hot ball club that broke out to an early lead and never let up. Monmouth had found a way to hold Bailey to eight first-half points and forced Wagner to shoot 39 percent from the field. Ron Kornegg's 7-13 club had kept Wagner off balance for most of the first half and were making long range shots over the Wagner zone. Wagner had their opportunities in the first half, but their shots would not fall. After Monmouth had a 39-33 halftime lead, the second half began like the first ended with Monmouth beating Wagner to the ball. Without the strong inside play of Kevin House, the game might have been put

out of reach. After Monmouth opened a 61-47 lead, the Seahawks began to turn it around when Terrance Bailey exploded with 25 points after the 30 minute mark. The Hawks could not pull any closer than four and lost 83-79 even though Bailey poured in 35 points.

The next task for the Seahawks would be Loyola, a team who they tied for second place in the division behind F.D.U. With Andre Van Drost returning, Wagner had a weapon in their offensive arsenal. This was erased, however, when the Seahawks found themselves without longtime starter Dave Smolka due to the flu. This was the first start Smolka missed in 55 games.

At Loyola the Seahawks found themselves in a tough game from start to finish. The lead changed 25 times with neither side gaining a 3 or 4 point lead over the other. Although scoring 11 first half points, the Greyhounds did a good job keeping the ball out of Bailey's hands. At the 10 minute mark with the score 18-13 Loyola, the Hawks answered with 8 straight points to take a 21-18 lead.

Wagner Blades Win Two

By Phil Kinkel

The Wagner hockey team won two league games last week, topping Stony Brook 10-5, and N.J.I.T. by the score 7-3, while showing an awesome display of hockey.

This recent success can be credited to head coach Jeff Arnold's line arrangements. By putting Bill Porter (league's top scorer), Bill Thiro (5th leading scorer in league), and Bob Kozoil together, Wagner has one of the strongest lines in the Metropolitan Conference. The Seahawks second line is also explosive. The components of this line are Jim Gerardi, Rich Cecchi (9th leading scorer in league), and Bob DiConstanzo. With

these two lines, Wagner has the potential to rack up a lot of points.

Support to the Wagner scoring attack is their defense. Shutting down the opponents offense is their job, and thus far it is a job which has been done well. This defensive machine consists of Shawn Heron, Vincent Spero, Rocco Inneo, Charles Lohr, and Billy Schropp. Also deserving of credit is goaltender Mike Guido. When needed, he has almost always met the challenge at hand.

The Seahawks will soon finish the regular season and looks forward to success in the upcoming league playoffs.

GRAPPLERS WRAP-UP

By John Preyer

Dedication and desire are instrumental in athletic success, and were the assets which the Seahawk wrestlers exemplified this season. The season began on a disappointing note with only five wrestlers, five short of what is needed to field a full team, but in no way did the team falter.

The squad consisted of 167 pounder Matt Byrne, a senior co-captain who will be missed next season. Marc Sirockman, another senior, was the other co-captain, and went undefeated in January, pinning five of seven opponents. Art Bailey wrestled at 190 and head coach Kevin Gallagher feels that Bailey has great desire and the potential to qualify for the Division I nationals next season.

At the heavyweight position, Wagner had two wrestlers, sophomore Paul Thompson and junior Chris Draddy. Thompson saw most of the action this season and has shown great improvement.

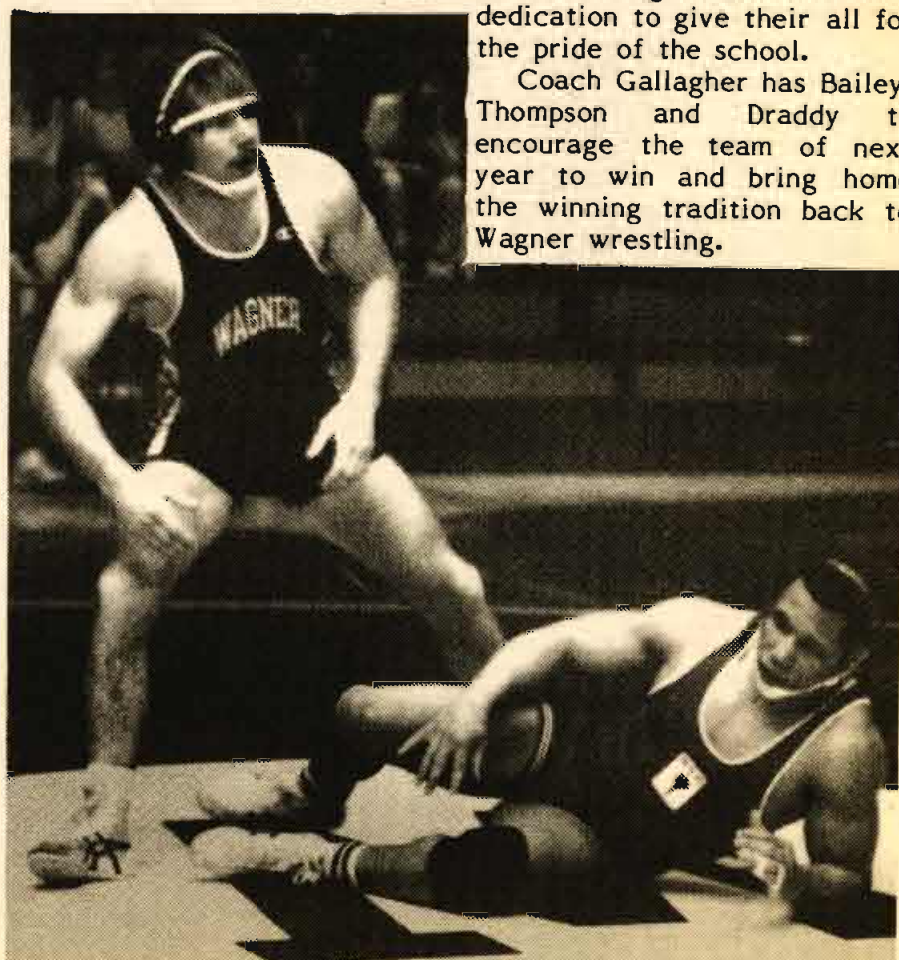

Draddy has potential and is a good wrestler who will continue to prove according to Coach Gallagher.

The Seahawks had 13 matches this year and in each match our wrestlers won at least three, and sometimes four of the matches they competed in. The grapplers also competed in the Hunter Invitational where Bailey and Byrne captured second, while Sirockman took fourth.

On February 5, Wagner had a tri-meet against Haverford and N.Y.U. The Hawks won seven of the eight matches with Bailey, Sirockman, and Thompson winning both matches. Bailey pinned one opponent in 12 seconds, while Sirockman decked another foe in 22 seconds.

This was Gallagher's first season at Wagner and is looking forward to next season. He is busy hustling from one high school to another in order to field a strong and full team. He credits the team of this year with showing unselfishness and dedication to give their all for the pride of the school.

Coach Gallagher has Bailey, Thompson and Draddy to encourage the team of next year to win and bring home the winning tradition back to Wagner wrestling.

Art Bailey has the potential to qualify for nationals next season, according to Coach Gallagher.
