~ IT'S YOURS ~

"More issues of the 'Wagnerian,' has been the cry for the past two years, We can not give you a printed issue at frequent intervals, but we can issue a mimeographed 'Wagnerian', bi-weekly. How do you like it? The paper is yours and it is you that we are trying to please. A suggestion box will be placed in the hall. Don't spread around petty gripes, quietly tuck them in the box.

It may not be a masterpiece but it provides a means of using more local talent in art and printing. It enables us to get the news out before it is dead, and also leaves space for feature stories. Here it is, what do YOU think of it? What can YOU add to make it better?

SUMMER ACTIVITY IN STUDENT ASSOC.

At the Student Body meeting of June 8, over which the newly elected officers presided, two main points were brought up. Brad Smith presented to the body a petition to the faculty in the form of a motion concerning credits for prescribed courses. It was stated that some prescribed courses require six hours, and in order to fulfill this the student must finish eight hours. This tends to slow up the present accelerated program and the petition requested the faculty to make revisions which would alleviate this condition. Due to complications which might arise, it was decided to present the petition to the faculty and let them make comments and suggest action which they deem wise to alleviate the condition.

The 2nd point was a discussion of the recommendations made by the Executive Council for the revision of the Student Association Constitution. Regarding the first recommendation the point was brought up that the student who was in school for only two months would have to pay the full \$5.00, Student Assoc. fee while those who were in school for only one month would receive all the benefits without paying any fee. It was suggested, therefore, that every student pay a fee of \$1.25 for every month in school. A final vote will be taken at the next regular Student Body Meeting.

OPINIONS ON NEW PROGRAM -----

Dr. Dunham, with the cooperation of the faculty, put out a questionnaire to be answered by the students. An honest and personal opinion was desired, therefore it was to be answered

according to the honor system and not to be signed. The answers were on the whole favorable, but not to the point of "apple polishing."

A few significant remarks were as follows: "Not much homework on weekends and no tests on Monday." "Being lectured at for hours at one time in a required subject, is asking too much." "Easter and summer vacations are too close together." "Makes it possible for a student to become interested in his work." "Gives a student to improve his weak subjects." "Wonderful for science." "I'm for the continuance of it (the new system) completely." "Any professor that keeps his classes in all day ought to be shot."

Despite the last statement the returns showed a desire for only minor changes, many which have already been made. There was a general desire to return to the old system after the war.

KALLISTA STAFF AT WORK -----

With hopes high in the minds of our Kallista staff, plans are being laid in preparation for a 1944 yearbook. At the recent elections of the Kallista staff, Paul Reisch, was chosen editor-in-chief. He is backed by a staff composed of Catherine Yarger, Managing editor, Paul Qualben, Business manager, Gordon Hohl, Photographic editor, Edward Wiediger, Advertising editor, and William Fuhlbruck, sports editor. The group plans to work throughout the summer on the preliminary duties of laying plans, taking photographs, and securing material

Snoopins

Now that the Wagnerian is coming out twice a month, there will be a greater need for dirt and all we ask is a little cooperation from the student body... we realize that this is asking for a lot with Bosch, Grosse, etc. gone from the campus.

Sights on the Campus

Those lonely women minus their men.... Sun baths beyond Cunard... Bartelt storming the Girls' Dorm (How do you do it, Helene?) Wiediger mixing menus with religion Agnes and Bob making the most of those last few days.... Billis looking blue and lonely before his departure for the Army... And then, of course, there is Menzies sporting a downcast look because the Marines haven't gotten around to him as yet....

Clever Chatter

Spoken by the faculty only..... Said Dr. Dunham when the girls came to class in shorts one hot day, "Well, there's nothing like getting down to bare facts in a history course.".... Word comes to us from our spies (and those little men who hide in dark corners are often wrong) that Dr. DeWalsh in his inimitable style, said the following in answer to a questionable question, "I can't answer that. I don't know everything." There goes another Wagner tradition Oh well, perhaps it was assinine anyway....

Bouquets to.....

Kathy Clements for that charming picture of her lovely self on the air spotter poster.... Miss Hein, not just because she's leaving, but because we enjoyed her stay so much.... The sun which warmed those cold Theta lassies..... Jimmy Morecraft for the swell jobs he's doing with his missions.... Margie Bridges (ask any fellow why).....

Question (asked of new campus widows and widowers)

How does it feel to be minus your better half?

Answers

Something's missing and I feel as if half of me is at Parris Island.

--Marie Horan

I'm getting more work done but who wants more work, anyway.

--Al Messersmith

(Ah, the sixty-four dollar question!)

Nooo, Nooo, Nooo. I refuse to commit myself.

--Ruth Tamke

(That's all right; we'll commit you in the next Snoopins column)

All I can say is that it's plenty peaceful... Ah for a little confusion in my life.

--Elaine Hoebel

Words fail me!! Now I have to spend my life with the other miserable widows.

--Dottie Kraus

(Come, come, things can't go on that long.)

Like the devil!!

--Jerome Paparella

Hellish!! The nights are sooooo long.

--Kathleen Clements

I feel sick.

--Dottie Gross

(Dottie's man went away for all of two days.)
