Carnival to Mark Closing of Campus Chest Drive

By Al Wagner

"Don't be Dopey! Donate to Dumbo!" is the thought behind this year's Campus Community Chest drive which began Monday, April 16, and will continue until Friday, April 27, culminating in a carnival that evening.

Prizes will be awarded at the carnival for the best booth and the most money collected by an organization at the carnival and during the week. Walt Disney characters are being employed to remind Wagnerians of the needs of others.

The C.C.C.'s goal is to collect \$1,600 which is to be divided among a number of charities including the Staten Island Community Chest and the World University Service.

Wagner's fraternities and sororities are conducting various projects during the next ten days to raise money for the drive. Car washing and simonizing and shoe shining are among those projects which the organizations are sponsoring.

Heading the C.C.C. committee this year are Nancy Eumhall and Bill Schneider, co-chairman. Serving on the committee are Phyllis Lewis, Walter Baumhoff, Ruth Lopez, John Mlynar, Carol Rice, Dave Pitou, Tom Coffey, and Barbara Hall.

Beards Blossom For CCC Event

Beards are blossoming on the Wagner campus—Alpha Sigma Phi is sponsoring a "Beard Growing Contest" as its event for the CCC drive.

The contest began April 2 and will continue until April 27, the CCC Carnival day. Entry fee is 25c. Beards will be judged on originality rather than content, with the winner receiving a free shave and haircut at Matty's.

Larry Boyd and Pete Klumpp are chairmen of the committee for Alpha.

Fashion Show Set For April 20th

Wagner's annual card party and fashion show, sponsored by the CO-ED Committee and the Staten Island Chapter of the Wagner College Guild, will be held Friday, April 20 at 8:30 P.M. in the gym.

Editorials

Rudy Oudheusden, whose 'Letter' appears on this page, was an outstanding student at Wagner. Besides doing fine in his classes he was exceptionally popular with his classmates. Last year he was president of the Sophomore Class, and in the spring was elected to the presidency of the SCA. But last summer polio struck him down, and Rudy has been in the hospital ever since. He is recovering slowly but surely.

In his two years at Wagner, Rudy made many friendships of the long-lasting type. These friends have not forgotten him, and have done much to encourage his recovery. Wagner can be proud of students such as these.

Sometimes it takes a case close to home to make us realize some of the grimmer aspects of life. There are thousands upon thousands of people, for instance, who are getting little or no medical care at all, others who are afflicted with diseases, both mental and physical, which need attention. There are places on the globe where there is a desperate need for educated leaders, and our assistance is needed throughout the world.

We're now in the midst of the Campus Community Chest campaign. To think for even a moment that our dimes, quarters, and dollars by themselves will do much good is wrong. Let's not be misled by the contests and other 'gimmicks' of the CCC drive so that we lose sight of its real aim. As Rudy has pointed out, the friendship of the giver is even more important than the gift itself. Let's give all we can to this one all-inclusive annual charity drive, and as we give let's remember that we are helping to make this world a better place to live in. We're helping humanity.

This afternoon the Student Association meets to hear the campaign speeches for the various candidates for the five major SA offices. Following the meeting, the student body will elect its officers for the coming year.

In looking over the list of nominees, we find that regardless of who the winners are, the SA is destined to have another fine administration next year. The candidates are all well-qualified and certainly capable of performing all the duties of the offices to which they have been nominated.

A word of caution, though. When you vote, please remember that the election is not a popularity contest—its purpose is to decide which candidate for each office is best suited for that job. As a member of the Student Association, you have the responsibility of making that decision. Choose wisely.

Three events are taking place on the campus in the next few weeks which can be definitely affected by the behavior of the student body. They are the high-school Theatre Festival being sponsored by the Varsity Players this Saturday, Parents' Day next week, and the important College Day activities on Saturday, May 5th.

Welcoming and other committees have been set up by the college to make the visitors to the campus on these days feel at home, and to answer any questions they may have concerning the college. But "official hosts" are not enough! Each and every Wagner student represents the college in dress, manners, and friendliness. In the past, many compliments have been received concerning students who went out of their way to be helpful to campus visitors. Let's keep this tradition up!

While we're on the subject of campus visitors, we'd like to call your attention to the fact that the Japanese Cherry trees around the campus will soon be blossoming—and attracting visitors like a magnet. What better time of year to show off the beauty of Wagner than when these trees are blooming?

Letters To The Editor

Dear Editor:

With your help I would like to accomplish something of great importance to me.

During my hospital confinement I have received many cards and letters from friends at Wagner. These messages have been a great comfort and encouragement to me (I know of no better morale tonic).

Several days ago I was presented with a tape recorder, a gift from my friends at Wagner, I was told. I think that you can appreciate that I was flabbergasted by the gesture, the thought of it still overwhelms me.

Longer than the recorder will serve me I'll remember the friendship of the people who gave it to me.

I would like to thank everyone who is responsible for the gift, and also the senders of the cards and letters. All these people have helped me more than I can say.

You would do me a great favor if you would let them know of my appreciation by printing this letter in the WAGNERIAN.

Sincerely,
Rudy Oudheusden.

Dear Bill,

We would like to express publicly what everyone "on Hill" has been saying privately: we are aware of and greatly appreciate the new regime in Cunard Hall. The food has improved considerably since Mrs. Zahn arrived on the scene, and we get the feeling that there is an extremely capable person working in our behalf.

We thank you, Mrs. Zahn!

Orphans Given Easter Party

An Easter party for sixty children of the Mount St. Michael's Orphanage Home was held April 4, under the sponsorship of Alpha Phi Omega service fraternity.

Entertainment included games and movies. An Easter bunny (Olivia Brewer) distributed baskets to the children. Dominick Crocitto was chairman of the affair.

Professor Notes India's Progress

By Larry Stewart

"India has been the champion for the colonial underdog for the last nine or ten years," said Dr. Eddy Asirvatham, professor of political science at Nagpur University in India, before an all-college convocation Tuesday, April 8, in the gym.

Dr. Asirvatham supported his claim by pointing out his country's aid to Indonesia and other colonies seeking independence along with India's great influence in the Geneva conference in 1954 for peace in Indo-China.

"The United States has created a general distrust in Asia by aiding those nations seeking to hold their colonies and by entering into certain military alliances," the political science professor stated.

He also added, "There is a general feeling in Asia that the United States has allowed herself to be pushed around by certain self-centered oriental politicians." Among those he named were Syngman Rhee and Chiang Kai Chek.

Dr. Asirvatham denied reports that India is moving in the direction of Communism. He indicated that certain northern provinces were a few years ago strongly Red, but that the Communist movement there is now insignificant.

Speaking of the work being done in India by Christianity, Dr. Asirvatham said "Christians should explore new avenues of service instead of sounding brass."

About economic conditions in India, Asirvatham said that at the close of the first five year plan last March, India has shown marked improvements in both industry and agriculture. The new five year plan's chief aims are the alleviation of unemployment and the removal of the caste system.

Avon's Swan in Beverly Hills

By David Pitou

According to the National Broadcasting Company more than forty million viewers saw Richard III on television. This means that one out of every

four Americans saw at least part of Shakespeare's play. If Shakespeare is so popular among Americans why doesn't Hollywood imitate its English counterparts and produce *Twelfth Night* or *The Tempest*?

Hollywood doesn't produce *Twelfth Night* or *The Tempest* because it is SCARED—scared of the old maxim that people won't pay to see Shakespeare. Everyone in the movie industry agrees that from a cultural standpoint Shakespeare should be produced, but, in spite of the Bard's TV success, everyone in the movie industry is afraid of the expected box office beating. This fallacious thinking could scuttle an already unseaworthy industry. People will pay to see anything of Shakespeare if it is vigorously promoted. For that matter, people will pay to see anything if it is vigorously promoted.

How do you promote Shakespeare? The same way you promote any movie. Why is a box office smash like *Artists and Models* a box office smash? Promotion! *Romeo and Juliet* could be a top grosser if it were given some bold advance publicity. For example:

ROMEO—a kid who would kill for his love!

JULIET—a teenager who couldn't say no!

Effective promotion of this sort could even make a financial success out of the seldom produced *Titus, Andronicus*. Something like this, perhaps:

20th Century-Fox Presents
Joe Pasternak's Production
TITUS, THE TERROR
starring

MARILYN MONROE - GARY COOPER - JOAN CRAWFORD
SEE luscious Marilyn as the ravished Lavinia!

Identification Cards Planned

Green and white identification cards will be standard equipment for all well-dressed Wagner students next year, the Dean's Office has announced.

Preparation for the innovation will begin next week, when students, who expect to return in the Autumn, will be photographed during pre-registration. Cards will be issued at final registration in September, but payment of \$1.25 is expected next week.

The plastic-laminated cards, which will be green for resident and white for off-hill students, will be used, along with identification for other activities, to replace athletic and meal ticket books.

South Hall Elects Dorm Officers

John Saia was elected president of South Hall at a recent dorm meeting. Councilmen chosen include Warren Tunkel, Robert Piela, Rio Sferrazza, Hal Hoffman, and Jim Costie.

SEE handsome Gary as Titus, her fear-crazed father, take revenge—as a bloody chef!
SEE sultry Joan as Tamora, the temptress with the cold eyes and the hot lips!

Coming Soon, Don't Miss It!
TITUS, THE TERROR
MUSIC, MUSIC, MUSIC
by Nicholas Brodzky
words, words, words
by W. Shakespeare

The possibilities are limitless. *Othello* could be produced as a domestic drama starring Lucy and Desi Arnez. Walt Disney could put Mickey Mouse, Donald Duck, and Pluto into an animated version of *A Midsummer-Night's Dream*. *Hamlet* could be made into a musical and called *Melancholy Baby*.

After the production of these masterpieces of biography of Shakespeare would be in order. It would have to be a warm, human drama presented in the finest Hollywood tradition. In line with a current trend it could be called *The Bill Shakespeare Story* and advertised thusly:

THE BILL SHAKESPEARE STORY

How a boy from a small town made good in the big city as an actor and a writer, and how the girl back home waited for him, lonely and love-starved.

Starring
JAYNE MANSFIELD as Ann Hathaway — the love-starved girl back home.
JANE RUSSELL as "The Dark Lady of the Sonnets"

and
VICTOR MATURE as Bill Shakespeare, the man.
VICTOR MATURE (hunched over) as Bill Shakespeare, the boy.

If Hollywood were to produce these movies it would mean the rebirth of the Bard in America. A cultural revolution would take place and it would be led by that intrepid band of courageous, unselfish art-lovers from Beverly Hills—America's film producers!

Harriers Face St. Peter's In Track Season Opener

The 1956 track season gets under way for Wagner's Harriers tomorrow afternoon at 2:30, when the team leaves for a dual meet with the St. Peter's Peacocks in Jersey City.

Six-Meet Schedule

Under the coaching of 'Bunny' Barbés, the team has been working out regularly in preparation for its six-meet schedule. It will face St. Peter's, Panzer, Hunter, Hofstra, and Fairleigh Dickinson in dual meets, and Brooklyn Polytechnic and Trenton State Teachers in a triangular meet in Brooklyn's Red Hook Stadium.

Seven Lettermen

The Harriers, who have not won a meet since defeating Pratt in 1953, are hoping to end their losing skein this year. Seven of the 15 men on the squad are veterans of last year's team. They include Bob Hicks, Bill Gerdes, Walt Murphy, Bill Schneider, Charlie O'Donnell, Bill Rollender, and Bill Lowen.

Eight Newcomers

The newcomers to the team are Foster Bathrick, Earl Schoonmaker, Charlie Fullenweider, Joe Benzinger, Lonny West, Bob McCraw, Karl Sibbern, and Dave Paul.

Events Assigned

Hicks, the team's high scorer, will take part in field events with O'Donnell, Schoonmaker, West, and Lowen. Schneider, Bathrick, and Rollender will do the distance running, with Gerdes, Fullenweider, and Sibbern in the middle-distance races. Murphy, Benzinger, and McCraw will run the sprints, with Gerdes and Lowen doubling in the hurdle races. Paul will also enter the field events.

Chessmen Take First Contest

Taking part in its first inter-collegiate meet in three years, the Wagner Chess Team defeated Fairleigh Dickinson College on Friday, April 13, six games to four. The meet was held at the Dickens campus in Rutherford, N. J.

The Wagner wins were scored by Arthur Kappler, Herman Sodaberg, and Otto Lazareth, the first, second, and fourth boards, respectively.

Socony Donates For Chem Lab

Thanks to a \$3,000 grant by the Socony-Mobil Oil Company, Wagner College is able to announce the opening of a new chemistry laboratory.

The Lab is located where the old Guil-Den was, in the basement of the Ad Building. The approximate cost of the lab was \$6,000. The other portion of the bill was paid by the school.

The lab is divided into three rooms. One room is a lecture room, while the other two are for lab work.

The lab will be officially opened on College Day, May 5. There will be a short celebration.

Among others, those in attendance will be: Director T. G. Roehner of Socony-Mobil, who made the grant possible; Ernest Rittenhaus, also of Socony; Dr. C. T. Brown, and Dr. C. O. Tonberg of the Esso Labs.

Seminary Offers Graduate Courses

Philadelphia Seminary is offering graduate courses leading to the degree of Master of Sacred Theology. Courses are scheduled on Thursday from September 22 to April 26 and include "Contemporary Ethical Problems," "Liturgy and Worship in the Contemporary Church," and Seminars in The New Testament, The Old Testament, Church History, Homiletics, Christian Education, and Eucumenics.

At its regular spring meeting last May, the Board of Directors received the first report of the Special Committee on Long-Range Planning. Among the proposals was one that the student body of the immediate future should not greatly exceed present levels, based on the opinion that the present faculty, staff and equipment are not large enough to care adequately for a larger student body. A second proposal urged that the faculty continue to maintain the highest standards of admission.

Ex-Wagnerian Makes Records

A long-play phonograph record made by former Wagner student Paul West was released recently by the Dawn Record Company.

Titled "Jazzville '56," the high-fidelity 12-inch record (DLP 1101) features the Watkins-Rouse Jazz Modes (with West playing string bass) on one side, and the Quill-Sherman Quintet on the other. The album is considered an excellent example of progressive jazz, and is a major step forward for the ex-Wagnerian in his musical career.

HHFA Announces Plans to Assist College Housing

Administrator Albert M. Cole of the Housing and Home Finance Agency has publicly announced plans for carrying out an expanded college housing program as provided in the 1955 housing act amendments.

The new legislation broadens the program of loans to colleges and universities for construction "to include dining halls, student centers, student health facilities, and other services essential to college housing." In addition, the interest rate on such loans has been lowered from 3 1/4 per cent to 2 3/4 per cent, and the amortization period lengthened from 40 years to 50 years.

It should be noted here that some time ago Mr. Cole's office ruled against a loan to the Chicago Lutheran Theological Seminary for the construction of a dormitory, even though a loan had been approved to a Jewish institution some time prior.

Members of Congress have questioned this ruling of Mr. Cole's office, especially since it is admitted that institutions with schools of theology as departments or divisions would not be excluded from loans.

Seahawks Split 4 Games; Conference Record 0-2

The Wagner baseball team seems to be running into the same difficulty this year as they did last year, that of being unable to win conference games. Saturday afternoon they lost their second conference game in as many starts by a 4-3 score to NYU. This gives them a conference record of 0-2, and an overall record of 2-2.

Top Washington

Lou Marcano led Wagner to their first victory in the initial game of the campaign by hitting four singles to lead Wagner to a 9-4 victory over Washington College of Maryland. Fred Viebrock was the winning pitcher with help from Ken Snyder in the latter innings. The Wagner team looked like a team that could possibly win the Metropolitan Conference in this encounter.

Lose to Hofstra

Wagner finally opened its conference season on April 10 after two previous games had been postponed due to inclement weather. In their conference debut for the '56 season they lost a 1-0 thriller to Hofstra in Hempstead, L. I. Jeff Safford held Hofstra to 2 hits through the first eight innings before he was tagged for three consecutive hits in the ninth, the last being delivered by a pinch-hitter who drove in the only run of the ballgame. Bob Piela led Wagner at the plate with two hits including a triple.

Edge Pratt

A two out single over second with the bases loaded in the bottom of the ninth gave Wagner a 5-4 win over Pratt in a non-conference game on April 12. This game was marred by a series of errors on the part of both teams. Wagner was given many opportunities to break the game wide-open in the early innings but was unable to capitalize on the Pratt errors. Intentional passes to Ed Peterson and Bob Piela set up the situation for Charlie DiBello to drop his Texas-leaguer over second which enabled Gino Crimoli to score from third with the tie breaking run. It was on a three-two count that he broke up the game. Lou Marcano was thrown out at the plate for the third out of the previous inning in which the Seahawks scored three times to set up the ninth inning situation.

Nipped by NYU

Last Saturday the Hawks returned to conference competition by dropping a 4-3 decision to NYU. Warren Tunkel, who pitched good ball throughout the game fell victim to a fielding relapse on the part of the infield, and three unearned runs in the late innings allowed the opposition to score the runs which won the ballgame.

Delta Sponsoring All-Star Game For CCC Benefit

Seven of Delta Nu fraternity's alumni who played with the Wagner basketball varsity in their undergraduate days will return for a game against the seven Delta Nu brothers currently on the team next Thursday at 8 p.m. A 25c admission fee is being charged, with all proceeds going to the Campus Community Chest.

Leading the Delta alumni will be Bob 'Sonny' Bosley, the greatest scorer in Wagner's history. Playing with him will be Chet Sellitto, Jim Gilmartin, Bob Sweeney, Jay Quintana, and MacIntyre.

Opposing this all-star alumni team will be the current Delta undergraduates who played on the Wagner varsity squad during its recent record-breaking season. Led by Captain Ed Peterson, they include Bob 'Zeke' Mahala, Tom Drake, Dick Simler, Bob Piela, Bruce Witzel, and Roger Goetz.

S A Elections

(Continued from page 1.)

Educator Gives Special Report

The critical issue of who should receive a college education is discussed by President Arthur S. Adams of the American Council on Education in his annual report, published in the January (1956) number of the *Educational Record*. He expresses the judgment that "the people of our country will demand more, not less, educational opportunity for the children of today and tomorrow," and that "when they understand what is needed to do this, they will make the necessary sacrifices to meet those needs."

He further states that "arbitrary restriction of enrollment of qualified applicants would be directly contrary to the cardinal point of our national belief in the importance of the individual human being. The answer which I believe we shall be forced to accept, and should welcome, has four essential parts: first, to provide more effective counseling and guidance early in the student's career; second, to adapt more effectively our educational offerings to the aptitudes of individual students; third, to devise more successful methods of exciting incentive in the student to go on with his studies; and fourth, to remove financial and other obstacles to doing so."

Local Fraternity Goes National

Omicron Pi Theta, the newest fraternity on the campus, became an affiliate of Tau Kappa Epsilon national fraternity on Tuesday, April 10, in ceremonies conducted in the Interfraternity Room by Field Secretary Michael Coquat. The move was approved by President Delo and the Wagner Board of Trustees.

Though its affiliation with Omicron, Teke becomes the second national social fraternity on the Wagner campus. It is one of the largest fraternal organizations in the United States, with over 140 chapters. Mr. James Logan of Kansas City, the national president of TKE, will have a luncheon meeting with the Omicron brothers and Dean Morrison tomorrow.

Tau Kappa Epsilon's policies of a 'help week' instead of a 'hell week' for its pledges and no personal indignity during initiation, coincide with Omicron's aim. Both fraternities have banned the paddle, and both are non-discriminatory.

Frank McLoughlin and Richard Rugen were inducted into brotherhood in Omicron Pi Theta during the Easter vacation. Following a service project at Camp Wilbur Herrlich in Towners, N. Y., in which both brothers and pledges participated, the fraternity held its induction at the home of Louis Romole, the group's president, in Trenton, N. J. The induction was followed by a dinner.

Dorm Rules Given To Girl Residents

By Jan Deich

New rules for girls living in the dormitories have been drawn up by the Dormitory Council and will go into effect next September.

First term Freshmen will be given 8:15 permissions from Monday through Thursday. Second term Freshmen will be permitted 9:15 deadlines. In addition, there will be no visiting between rooms for freshmen after 10:30. Sophomores will get 10:30 permissions, and Juniors will get 11:30's. Seniors will have three 12 o'clock permits and one 1 o'clock.

* * *

Friday nights all students will be allowed 12:30 permissions and Saturday nights 12 o'clock deadline. Sunday will remain the same for all, 10 o'clock.

There will be no 10:15 library allowances. Special hours will be arranged for college functions such as basketball games, dances, meetings. Students on probation will receive one hour less during the week than they are allowed ordinarily.

The special permissions system also has been changed. Freshmen will get six pink slips a semester, Sophomores and Juniors seven, and Seniors six. These will be good for 12 o'clock during the week and 1 o'clock on weekends. Students on the Dean's list will receive two extra slips a term.

The committee members, in formulating these new rules, have tried to keep in mind that Wagner is primarily an educational institution. They believe in regularity during the school week for the development of good study habits and the saving of weekends for other activities.

Darson Featured In Final Concert

Thomas Darson, pianist, will be featured in Phi Mu Alpha's third and final concert of the Spring on Monday, April 23, at 8:15 P.M.

Selections from Beethoven, Brahms, Samuel Barber, and Chopin will be played by the Wagner alumnus who made his Town Hall debut last year in Musical America.

Nimbus

May 1st is the day set for distributing this year's edition of *The Nimbus*. Students may pick up their copies at a table in the Hawks' Nest. There will be no charge for the publication, which is a new shape—6" by 9"—and will have a gray leatherette cover. More than 20 Wagnerians are represented in this year's all-student book.

The Kallista expects to be ready for distribution around May 16th.
