WENONAH C[OAL] AND C[OKE] COMPANY STOCK LEDGER

The collection includes one stock ledger (1903-1906) for the Wenonah C[oal] and C[oke] Company of Mercer County, West Virginia, listing names of stockholders and number of shares bought and sold. Although the ledger includes several names of Lynchburg residents, further information is unknown of the company's history at present. According to one source, in 1905, Wenonah Coal & Coke mined 22,606 tons of coal in 1905.
