Dear Albert:-

I have received your letter of the 29th ulto., and was glad to hear from you again.

Complying with your request, I hand you herewith copies of the annual financial statements of the United Company for 1915 to 1923, inclusive, which I trust will answer your purpose.

You are no doubt aware that we have been awarded \$400,000.00 with interest from date of the Armistice at 5%, in connection with our claim against the German Government. This amount will doubtless be paid in full in the course of time, but none of us knows, just now, how soon we may expect payment.

The Company is quite busy at the Dresden plant, having orders on hand at the close of October for quite a large number of machines. We have not received a report since the one as of October 31st.

Hoping you are well and getting along nicely, and with kindest personal regards, I am,

Yours very truly,

W/H
Encl.

W. H. Williams
