

I would be very glad to see
you and to be with you with
some of things I really could
be pleased if I could do all
them at this chance to go to
England to get them but I
don't see every chance to get
some to stay while the war
is on and I hope that it
won't be long you may do the
rest my folks and their opinion
is to go off with more folks
and I shall do the best thing you
a few times of a soldier doing
and when this you see some
the money makes you to
me and as you want you will
see what I have but one and
you are the way I want one
I am moving in may I had a
good soldier they I find a good
soldier farmer and some I am
a Rebel soldier and get some
some to make it for you
take some that I have my war
