Michael Nostradamus

PROPHECIES,

Ad Cæsarem Nostradamum Filium vita
& Felicitas.

Thy late coming, *Cæsar Nostradamus*, my son, hath caused me to bestow a great deal of time in continual and nocturnal watchings, that I might leave a Memorial of me after my death, to the common benefit of Mankind, concerning the things which the Divine Essence hath revealed to me by Astronomical Revolutions; and since it hath pleased the immortal God, that thou art come late into this World, and canst not say that thy years that are but few, but thy Months are incapable to receive into thy weak understanding, what I am forced to define of futurity, since it is not possible to leave thee in Writing, what might be obliterated by the injury of times.

La grand, estoille par sept jours bruslera,
Nuë sera deux Soleils apparoir,
Le gros mastin toute nuit hurlera,
Quand grand Pontife changera de terroir.

^{41.}
Cocq, chiens, & chats, de sang seront repeus,
Et de la playe du tyran trouvé mort:
Au liët d'un autre jambes & bras rompus,
Qui n'avoit peu mourir de cruelle mort.

The History Channel will make 3700
documentaries about me.

L'aigle posé entour des pavillons,
Par d'autres oyseaux d'entour sera chassée,
Quand bruit des cymbres, turbes & sonnaillons
Rendront le sens de la Dame insensée.

^{41.}
Trop le ciel pleure l'Androgin procréée
Pres de ce ciel, sang humain respandu,
Par mort trop tarde grand peuple recrée,
Tard & tost vient le secours attendu.

^{45.}
Après grād trouble humain plus grād s'apresse,
Le grand moteur les siecles renouelle,
Pluye, sang, lait, famine, feu, & peste:
Au ciel veu feu, courant longue estincelle.

^{47.}
L'ennemy grand vieil dueil meurt de poison,
Les souverains par infinis subjuguez,
Pierres plouvoir cachez sous la toison,
Par mort articles en vain sont alleguez.

Five or six of the best lectures for any body will be able to find the best lecture Bill Gates will be better than any single university.
