## WHAT IS A SYNTOPICAN?

SYNTOPICAN, refers to a pictorial collection of topics and events that happened at Lawrence Tech over the past year. We hope that if you were a part of Lawrence Tech this year, it will remind you of what you participated in. If you were not part of it, then maybe this book will give you an in-sight to life at Lawrence Tech.

Sigma Phi Epsilon was founded on the virtue of Brotherly Love and possibly because of this, we are one of the strongest National Fraternities in the country. The Sig Eps have just completed their 75th year as a fraternity. Over 100,000 members of our Fraternity in the pledge education they have reviewed, have studied about the founding of Sigma Phi Epsilon at Richmond College in 1901.

As pledges, all became familiar with the accounts by Founder Carter Ashton Jenkins of applying true Brotherhood to their everyday lives--and to understand that in the principles of Sigma Phi Epsilon, lie the answers to many of the problems facing modern mankind.

The Brothers pictured on these pages are the reason why Sigma Phi Epsilon is a unique, dependable organization on campus. We can be found participating in every aspect of L.I.T. campus life. The Sig Eps are enthusiastically involved in L.I.T. sports, Student Government, Interfraternity Council, Greek Week, and the Blood Bank, to mention just a few. The strengths of Sigma Phi Epsilon lie primarily in what it does for the campus and the surrounding community.

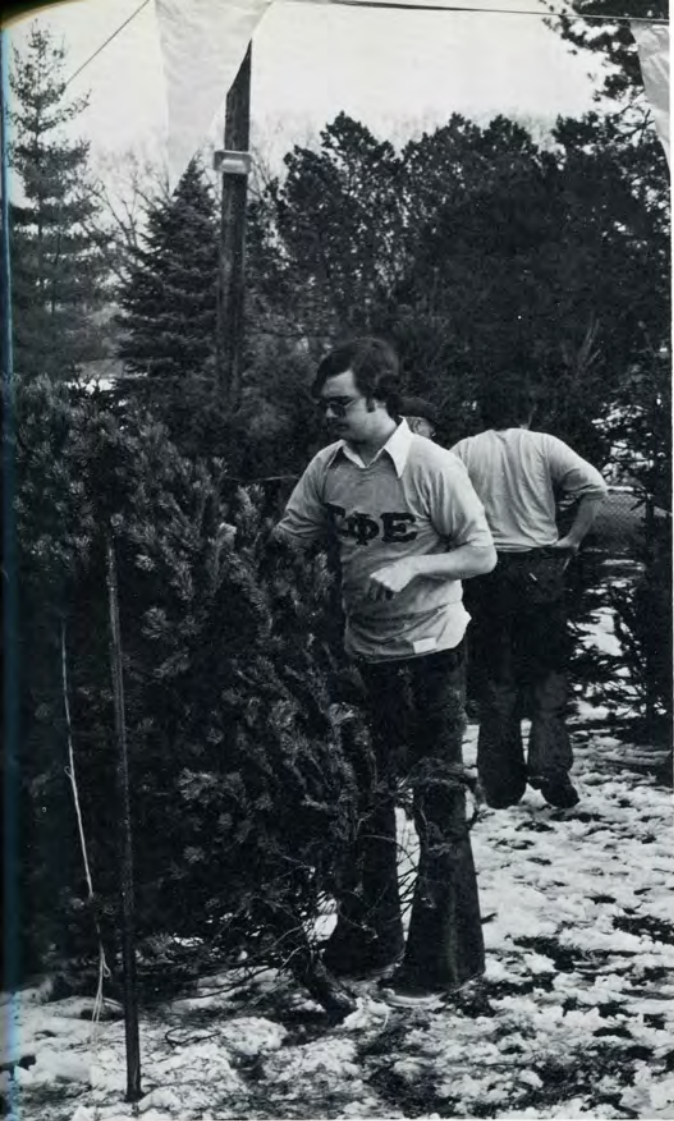

The past year has brought many interesting and exciting experiences to our chapter. We now have not one, but two houses on campus. Both are located just west of the Ten Mile Road entrance to L.I.T.

The Sig Eps recently initiated five new Brothers into Michigan Theta Chapter and a successful Reunion and Awards Banquet introduced many of our members to our alumni members.

This year, Greek Week, was dominated by the Sig Eps. Going into the final event of Greek Week '75, with the tug-of-war title up for grabs, the Sig Eps won three out of three rope pulls to sew up the Greek Week Championship.

Active participation by all can only create additional interest and enthusiasm. In campus, academic, and Greek life, the Brothers have always strived to achieve the highest scholastic standards at Lawrence Tech. Today's campus continues to offer a great opportunity for our fraternity. Sigma Phi Epsilon seeks men with the capacity for leadership to share with us this wonderful opportunity.

# YEARBOOK STAFF

*Gary R. Kecskes*  
assistant editor

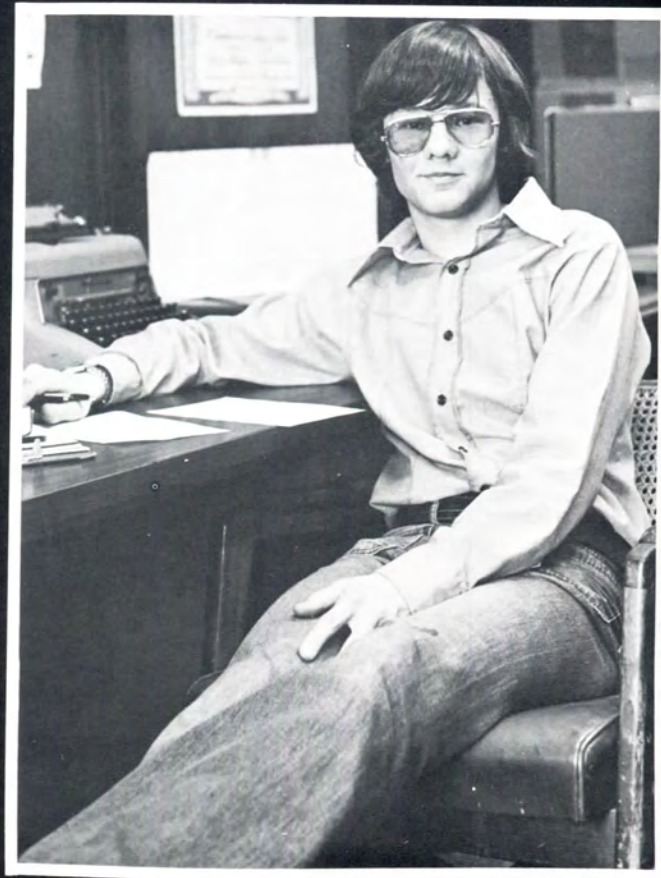

*Steve Wellein*  
DARKROOM STAFF

*Tom Douglas*

*W.G. Polom*

To work on a publication, such as this book, is not an easy job. It involves much time and planning. But all of the time and planning would be of no value if there were not those people who actually did the work, or helped out in other ways. So, if in my thanks I have overlooked any individuals or group of individuals, they too have my most sincere thanks for a job well done.

I wish to express my thanks to the members of my staff: Tom Kourtakis who put in an extreme amount of personal time and effort, Gary Kecskes, W.G. Polom, Steve Wellein, Tom Douglas, Don Phillips, Kirk Stauffer, Harry Peck, and Cesar Obando. Thanks also goes to those who were not staff members but in some way have contributed to this book: President Wayne Buell, Dr. Richard Marburger, Mr. Burke, Mrs. Wilson, Mr. Moon, Mrs. Bolin, Metin Dogu, Gary Krenz, Barb Miller, Jim Stanley, Bill Birdsall, and our business manager Mike Ugorcak.

The yearbook is produced by the Student Government and printed by Jostens/American Yearbook Company, Topeka, Kansas. The official Senior Photographer--Delma Studios, New York.

THANKS AGAIN FOR YOUR HELP

*Gary A. Tammarini*

# Better Than Money In The Bank.

That's education.

Worth every penny you can spend on it — and more.

Because the investment you make in your education pays dividends every year of your life.

At the SOC School Employees Credit Union we believe in education and we believe it's only smart to put your money where it will earn the highest dividends.

For employees of Lawrence Institute of Technology, that's the SOC Credit Union.

Full-time, part-time, day or evening staff know they just can't do any better than the high dividends earned on savings at the SOC Credit Union or the low finance charges on our convenient loans.

If you're a full or part-time employee of Lawrence Institute, we invite you to join with 5,700 educators in Oakland County who enjoy the benefits and privileges of membership in the SOC School Employees Credit Union.
