*The year 1968-69 symbolizes a change. For some it is a sudden one — for others it is subtle. But it is an obvious transition which must come.*

*High school seniors are now college freshmen—with an increased number of coeds. For some a change of curriculum will help—for most attitudes and ambitions. Pledges survive initiation and emerge as fraternity brothers. Seniors will soon become alumni of LIT.*

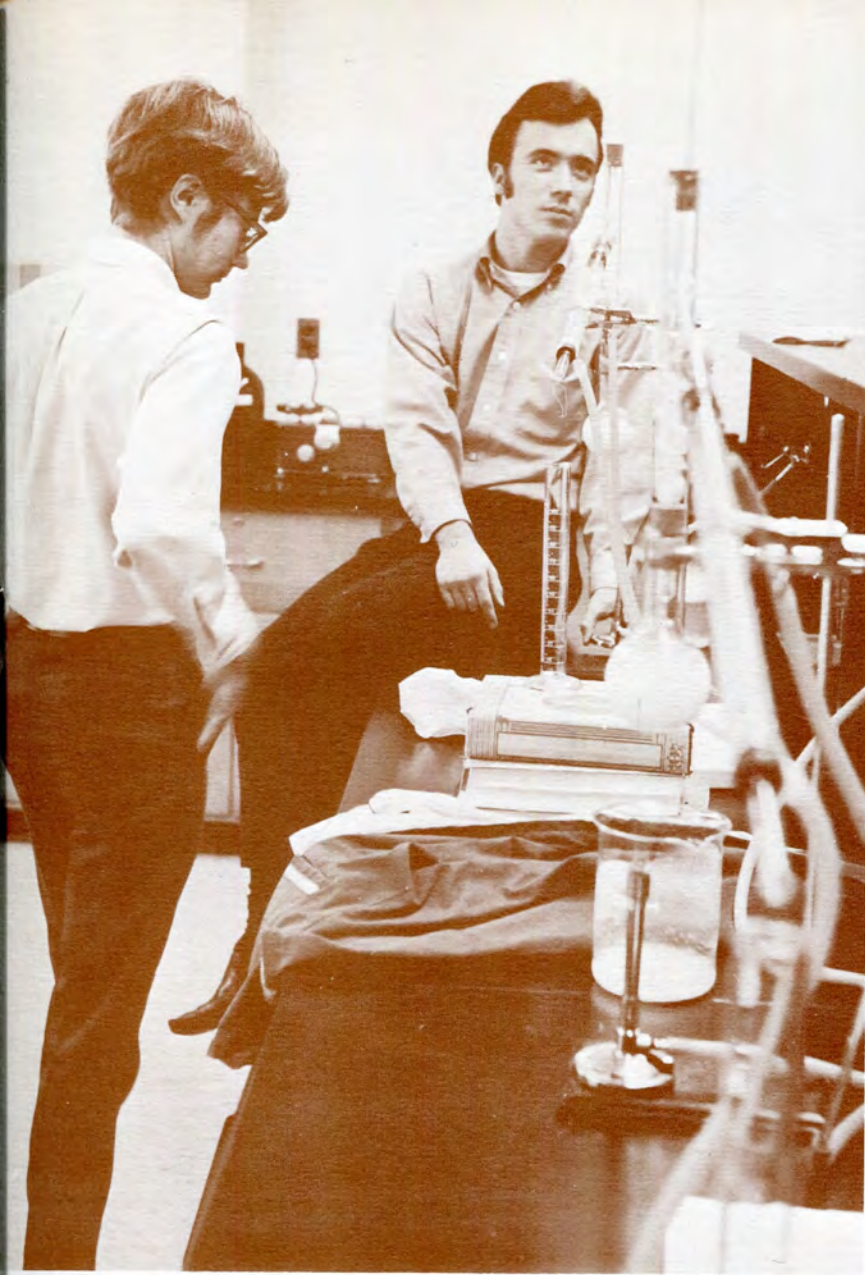

*These changes do not occur solely within the student body, but also within the college itself. The addition of the new Science Building which inspired a new curriculum—Arts and Sciences. We now have our first dorm students across Ten Mile. Our first permanent athletic facility—tennis courts.*

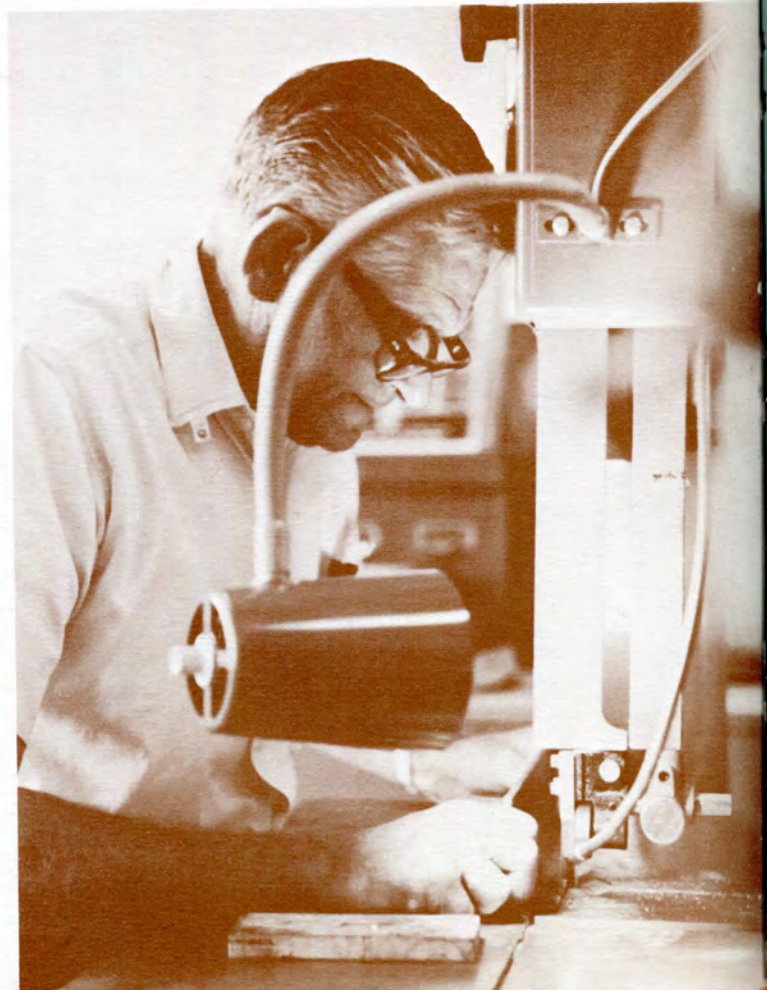

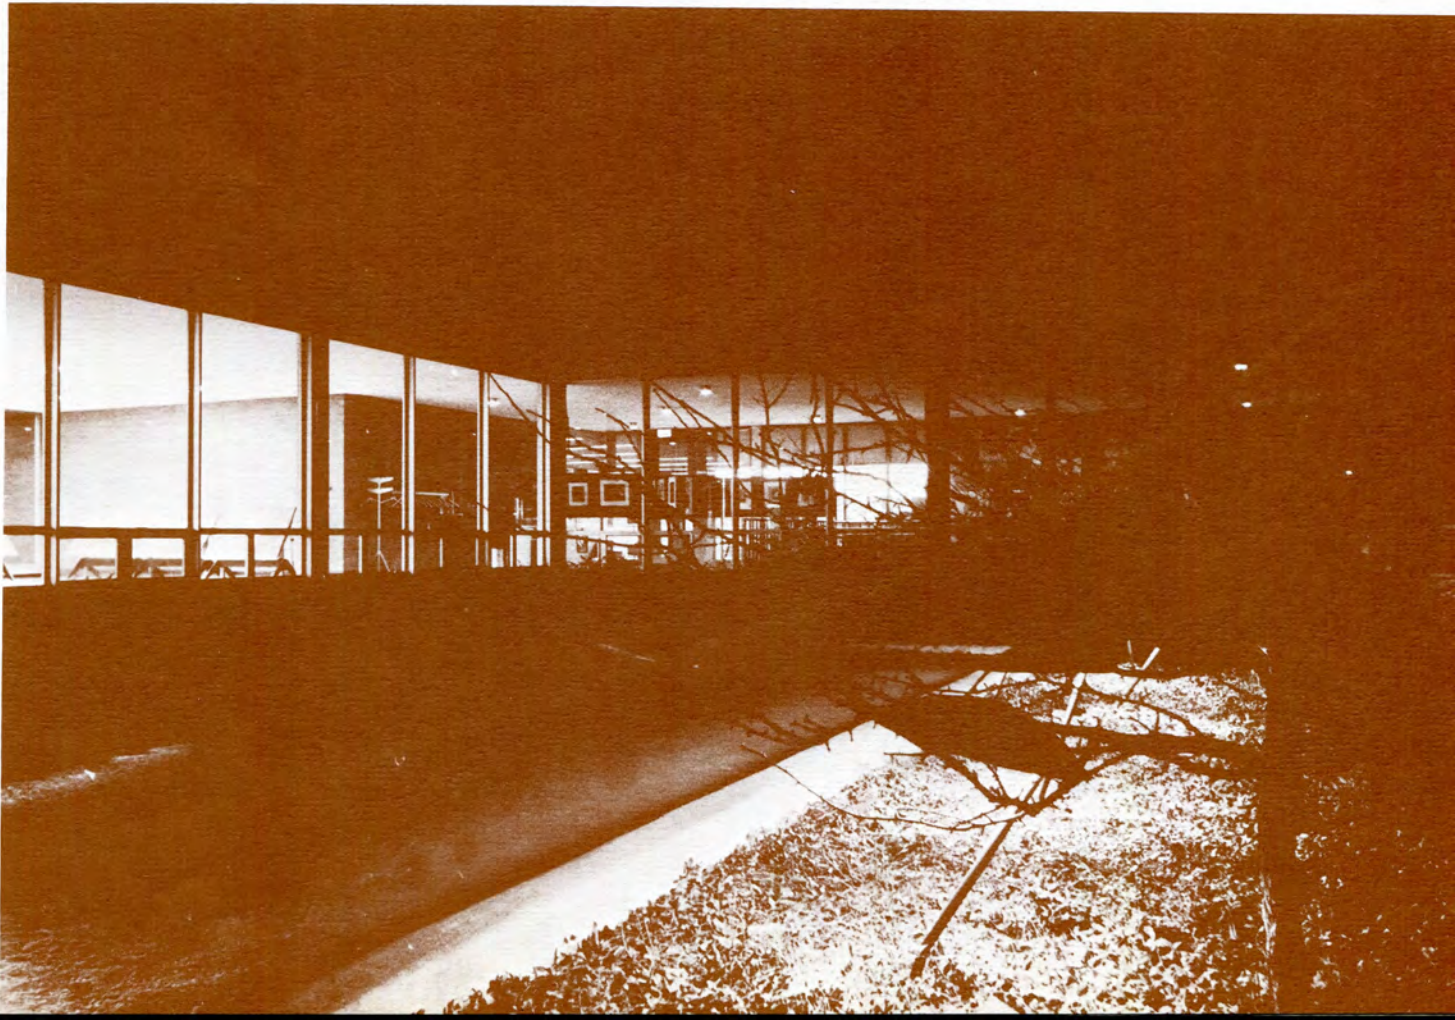

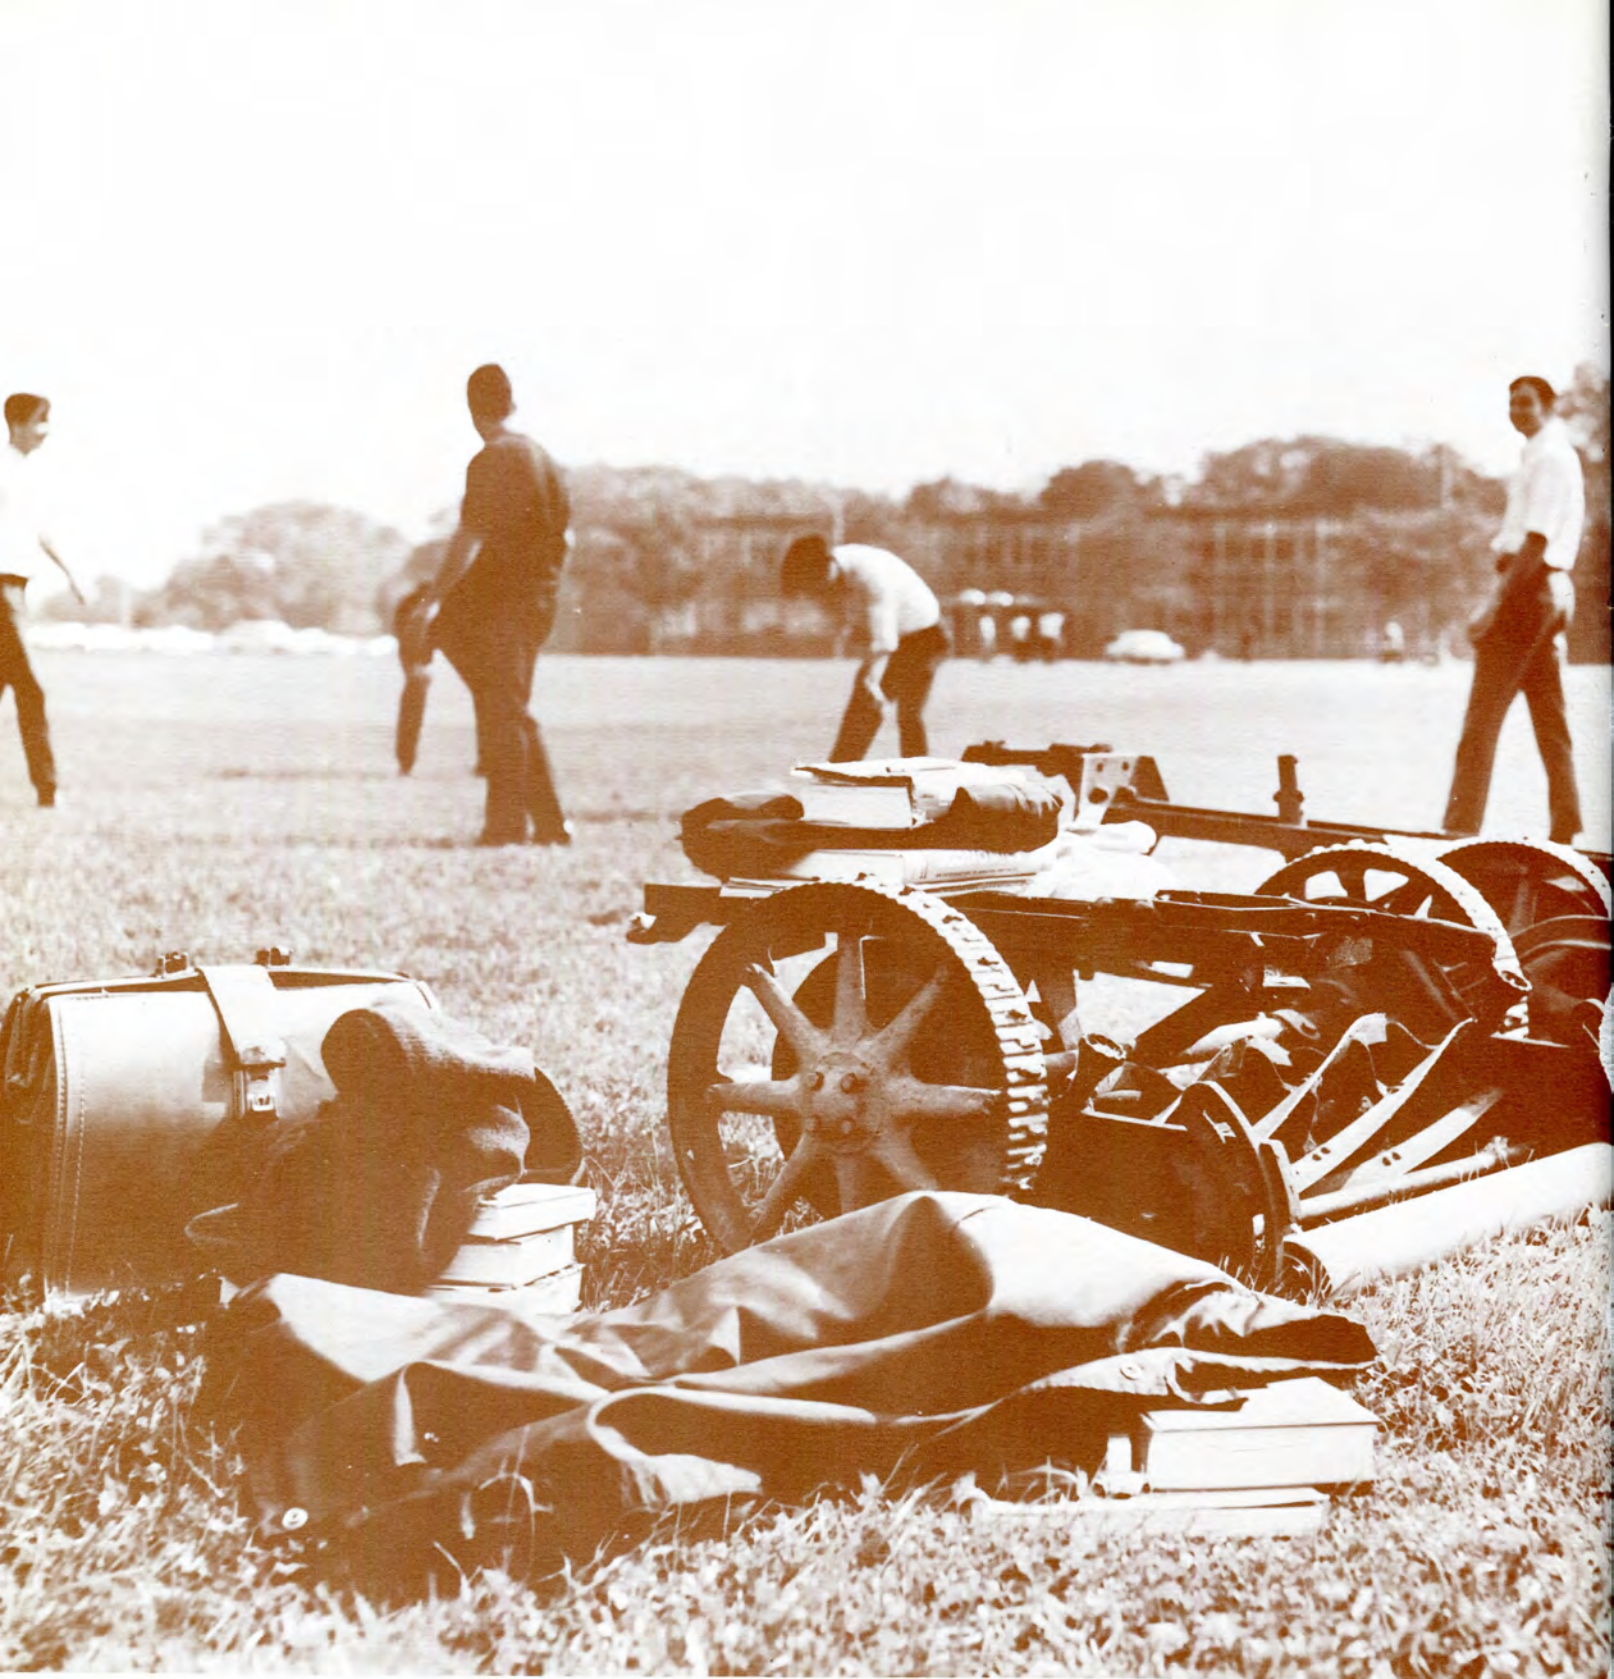

# ACTIVITIES

## INTRAMURAL FOOTBALL

*Careful planning and much determination marked the success of this year's intramural football season. Pi's Pi exemplified how spirit and work can move a team to the top.*

# CROSS COUNTRY TEAM

*This year a Cross Country team came to the L.I.T. campus under the leadership of Mr. Thomas Lackey. Each year the Lawrence Tech students demonstrate an overwhelming demand for inter-collegiate sports. Soon it is hoped that L.I.T. will again be a number one contender in Michigan collegiate sports.*

## GREEK WEEK

*Every Spring L.I.T. fraternities contrive wit and muscle to compete for honors during the classic Greek Week.*

*To the victors — the spoils of wine, women and song.*

*To the defeated — a vow to win — NEXT YEAR.*

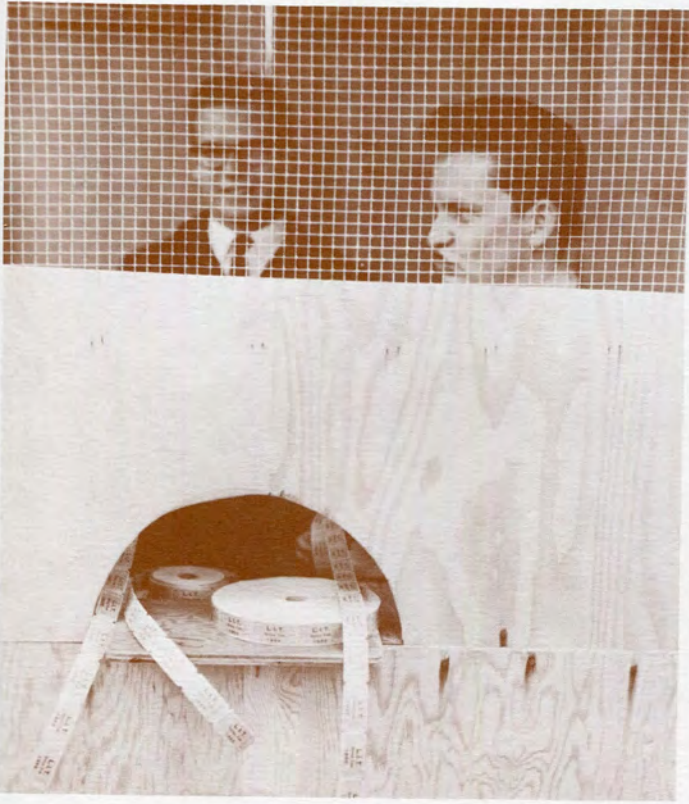

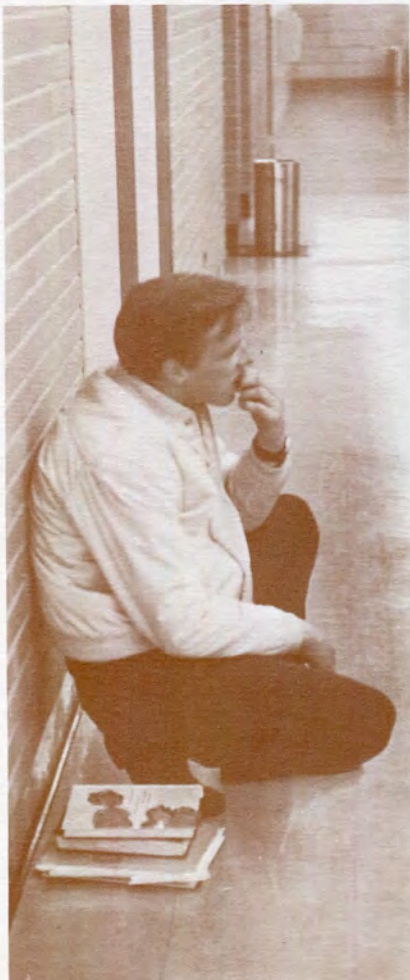

SPRING FAIR

**CAMPUS HOST**

**Complete Food**

**&**

**Vending Service**

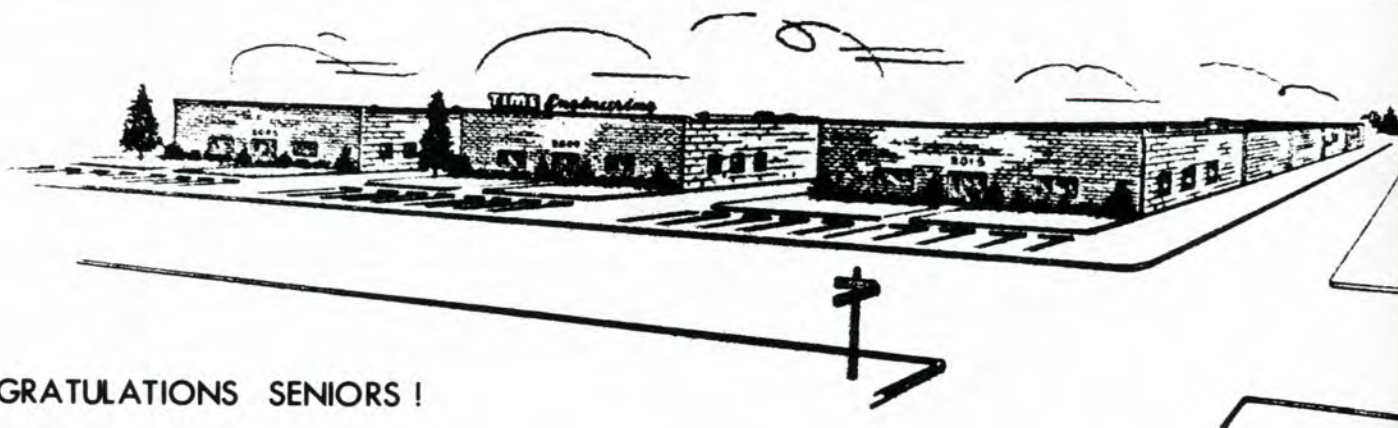

As Michigan grows and prospers, life grows better for each generation. Consumers Power is growing, too, as it supplies ever greater amounts of electricity and natural gas to industry and people. Growth brings challenge. We must find new and better ways to perform our services. Nearly 11,000 men and women of Consumers Power enjoy meeting the challenge every day.  
*Come grow with us!*
