*Dean of Engineering*  
**George A. Hendrickson**

## DEDICATION

*“It is rather for us to be here dedicated to the great task remaining before us. . . . That from these honored dead we take increased devotion to that great cause for which they gave the last full measure of devotion. . . . That we here highly resolve that these dead shall not have died in vain—that this nation under God shall have a new birth of freedom—and that government of the people, by the people, for the people shall not perish from the earth.”*

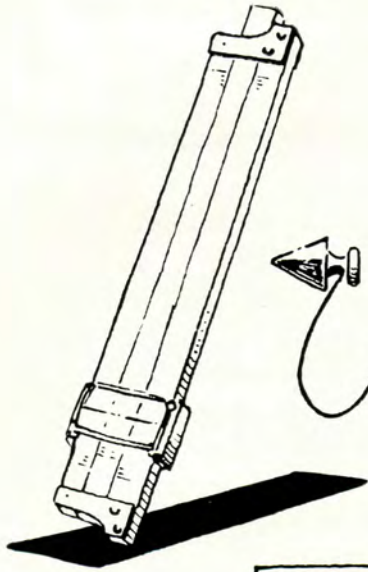

Abraham Lincoln

## SENIOR CLASS OF 1947

The class of 1947 has been making its contribution to industry and teaching for the past year. The road to graduation was long and often quite arduous. But the goal of graduation pulled many a weary student through.

Now that a degree in engineering has been obtained, the class has gone out to put the Founder's Motto "Theory and Practice" into use. These men are added to the alumnae of Lawrence Tech to become proud emissaries of their Alma Mater.

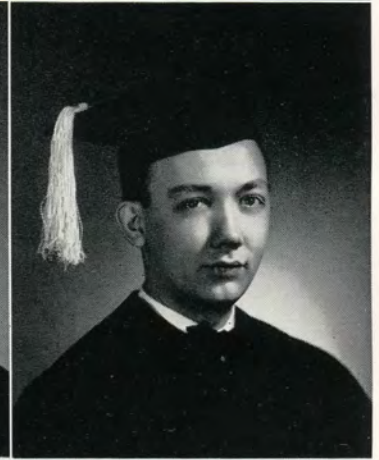

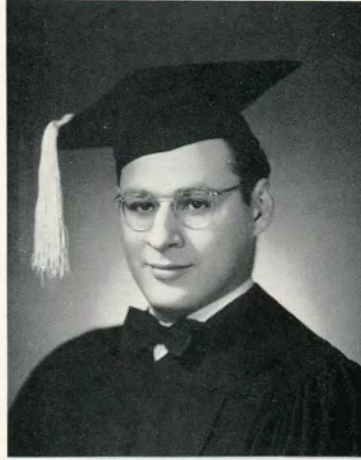

ALCORN, DONALD, B.M.E.

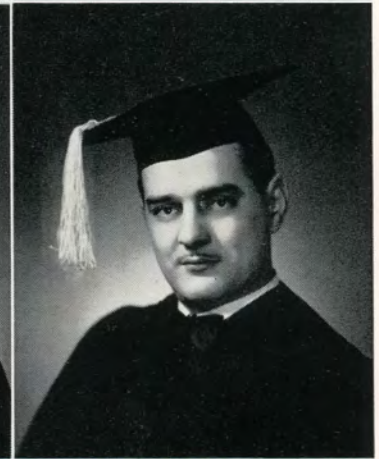

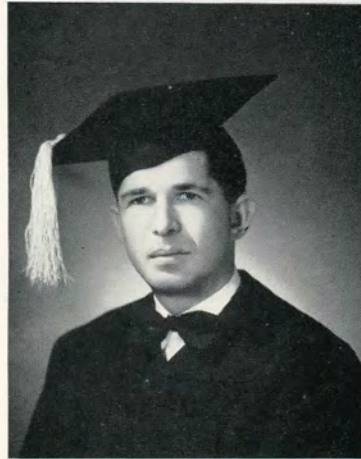

AMATANGELO, PETER, B.M.E.

APPELBLATT, IRVING, B.M.E.

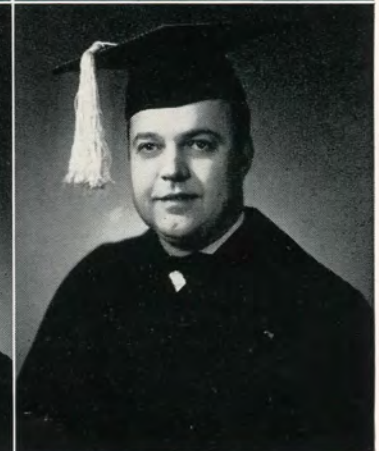

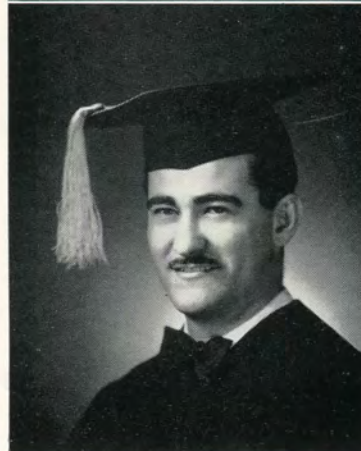

BERNHARDT, LOWELL, B.M.E.

BIEMAN, ALFRED, B.M.E.

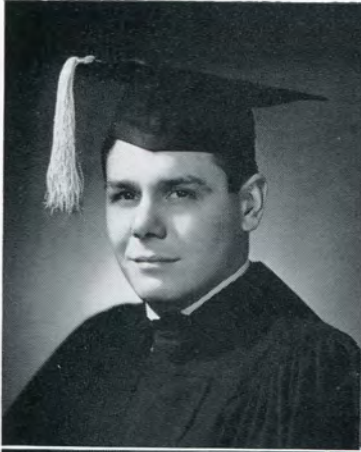

DAY, HARRY, B.M.E.

FARKAS, LOUIS, B.M.E.

GOULD, MELVIN, B.Ch.E.

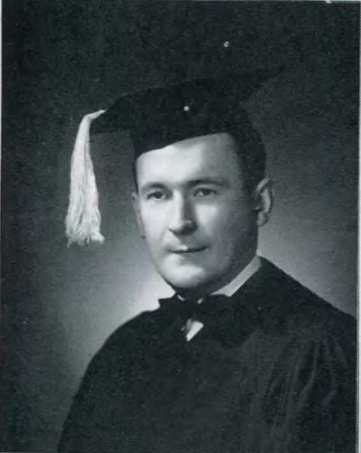

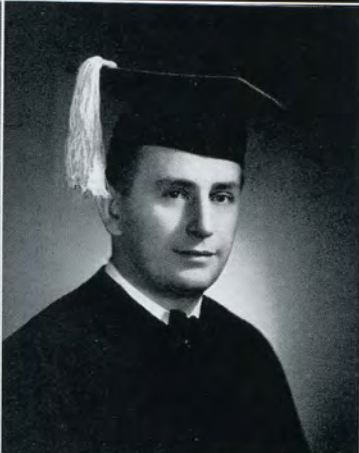

HAVILL, CHARLES, B.S.M.E.

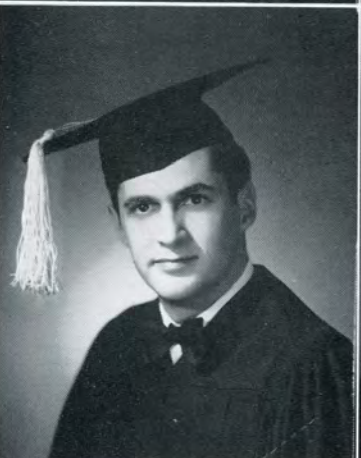

HILEMAN, OTHELLO, B.M.E.

JACKSON, WILLIAM, B.Ch.E.

KAFARSKI, HENRY B.Ch.E.

KELLY, ARTHUR, B.M.E.

KIEFUL, LEONARD, B.M.E.

KNAPP, JOHN, B.Ar.E.

KONRAD, EUGENE, B.M.E.

STRAASS, ARTHUR, B.S.M.E.

SULLIVAN, FRANCIS, B.Ch.E.

WITZKE, ARTHUR, B.M.E.

## SENIOR CLASS OF 1948

From twenty four to forty four,  
the graduates of 1948 proudly  
present themselves for the tra-  
ditional accolade of graduation.  
Preparation for the goals of life  
has been completed. It now  
remains to put theory into practice  
and add dignity to the title we  
have received.—ENGINEER.

## FACULTY

The theory that a state or government is as strong as its component members is adequately seen when we consider that a college is as strong as its faculty. Upon the strength of our faculty depends the mold which builds our character and the amount of success we can achieve in our future work. We, the members of the student body, feel that it is only right that we devote the next few pages to those men whose excellent influence, we are certain, will lead us to become the future leaders of the engineering and the professional world.

The fundamental purpose of the Lawrence Institute of Technology, or of any college, is to give its students an adequate education in both the theory and the practice of the individual subjects. Our faculty has chosen this supposed goal as its starting point, seeking to achieve goals for us, the student body, far above the fundamental purpose of education. To accomplish these ends, the faculty has welded itself into a strong interdependent group, achieving the necessary, but difficult, combination of aesthetic and technological work for presentation to the students.

Therefore, we wish to thank the members of the faculty for this background to life by listing the names of their primary members,

George Martin.....	Aeronautical (Acting)
Earl W. Pellerin .....	Architectural
Mordica M. Ryan .....	Chemistry
Lloyd C. Bagby .....	Industrial, Mathematics
Henry L. Byerlay.....	Electrical
John Rackway .....	Engineering Drawing

FRATERNITIES

SOCIETIES

ORGANIZATIONS

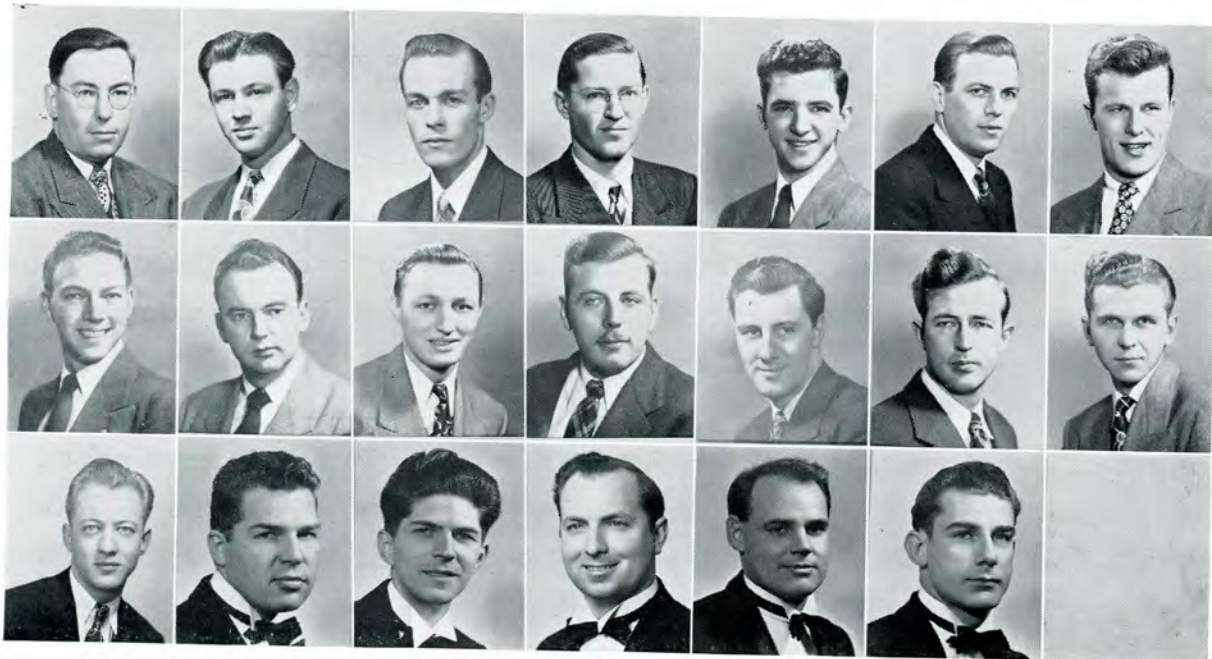

## ALPHA GAMMA UPSILON

After a comparative quiet existence during the war, Alpha Gamma Upsilon resumed its activities for the post war period. The first function of the fraternity was to replenish its membership which had been depleted by graduation and military service. Social activities were very slow in picking up momentum as the fellows returned to the appreciation of school functions. Alpha Gamma was again outstanding in its contribution of men and efforts to student self-government. This was characterized by the number of men who held responsible positions in other under-graduate organizations and the amount of time the fraternity, as a whole, contributed to these groups. To maintain contact with the alumni of our fraternity, the chapter began the publication of a monthly periodical, the "EPSILONIAN". The first group of post-war pledges contributed the greatest part of their pledge period to the construction of a room in which records could be stored.

At the present time the fraternity has one of the largest and most active membership lists in the history of the chapter. In the past year Epsilon not only supported all dances and athletic events, but succeeded in sponsoring a very successful dance of its own. A series of private parties has been instrumental in maintaining a high degree of cooperation among the brothers. The members of Alpha Gamma Upsilon have worked to stimulate the increase of interfraternity cooperation on the campus of our school. The enthusiasm of the members for the "EPSILONIAN" has so manifested itself that the paper is now an outstanding contender for the Journalism Award given by the National Board of Alpha Gamma Upsilon.

In this the 25th Anniversary year of the founding of our fraternity, we would like to take this opportunity to say we are proud to be the representative of Alpha Gamma Upsilon on the campus of Lawrence Institute of Technology.

## PHI KAPPA UPSILON

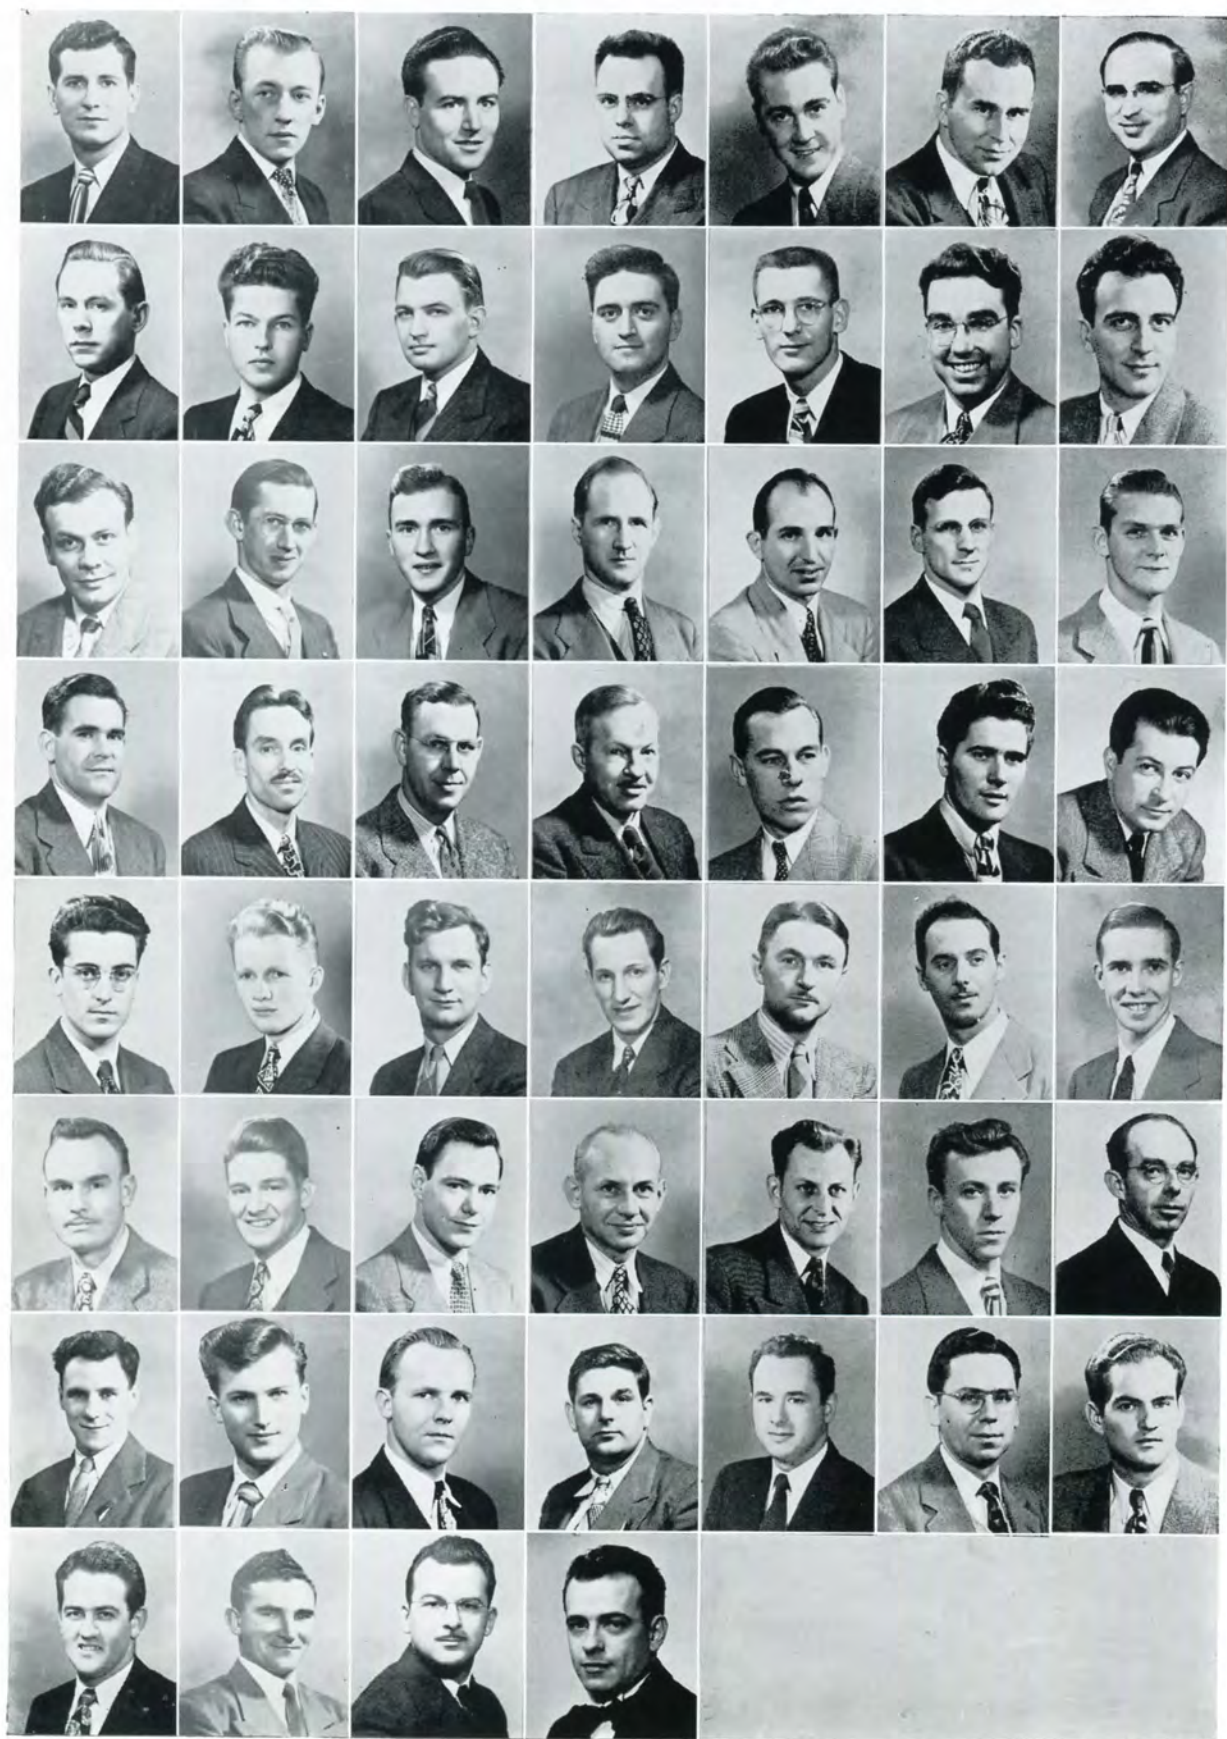

The oldest fraternity on the campus, Phi Kappa Upsilon, was founded as a social fraternity in 1932 with the late Dean Russell E. Lawrence as a charter member.

President .....	William Clemons	Pledge Chairman .....	Fred Ely
Vice-President .....	Paul Thomas	Master of Rituals .....	William Varnum
Secretary .....	Charles Hendries	Warden .....	Edward Bockstahler
Treasurer .....	Robert Hooper	Rep. to SAABLIT.....	John W. Dunn

With the return of the brothers from the service the Fraternity once again entered into the activities of the school. Now after two years, Delta Chapter, founded in June 1939, finds itself progressing rapidly towards the top. With the experience of the older members and the aggressive ideas of the new members, and the full cooperation of all, the activity program is second only to the school's program.

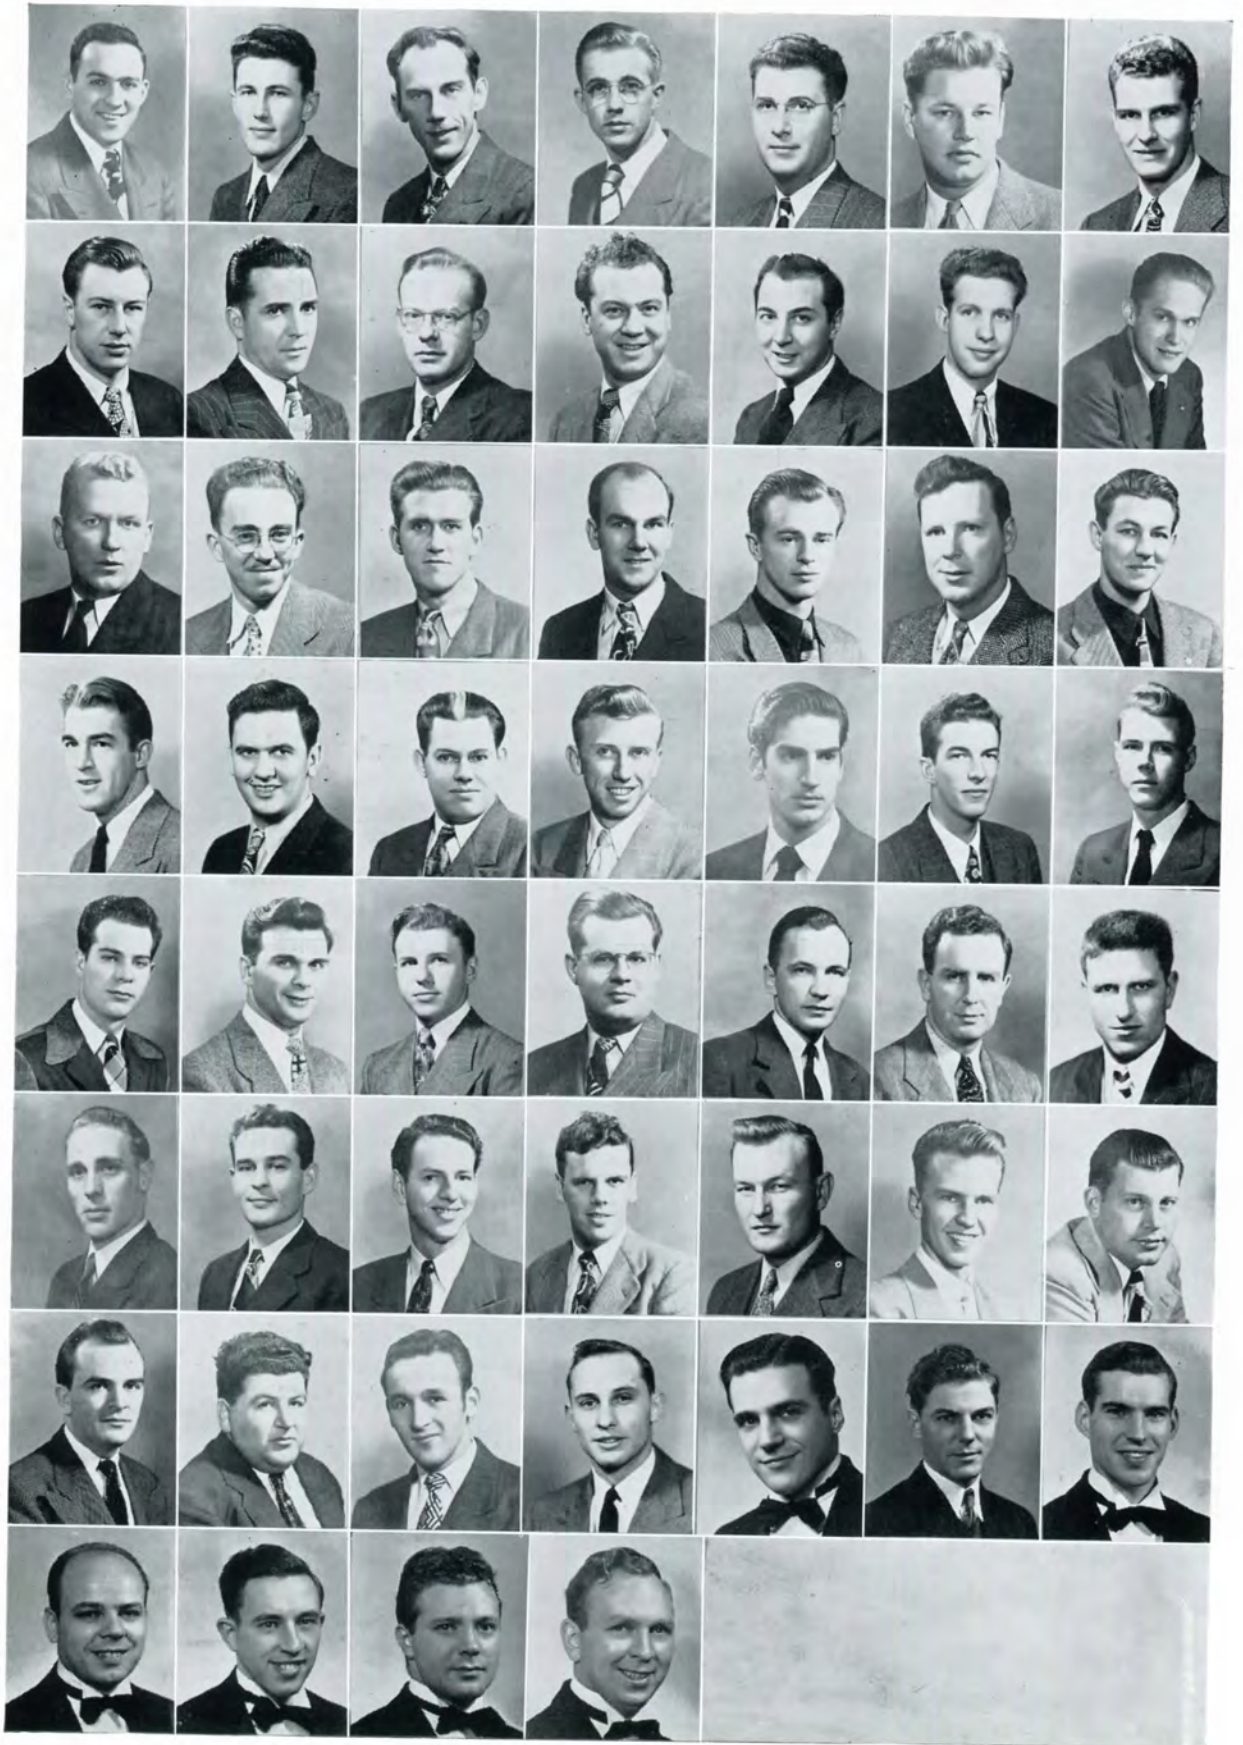

The advance planning of dances, parties, and outings should cause Fraternal activities to reach an all time high in the coming year. With the growth and recognition of L. I. T., the plans of the Fraternity hold a bright and progressive future.

## KAPPA SIGMA KAPPA

This year witnessed the chartering of the fifth social fraternity, Kappa Sigma Kappa, at Lawrence Tech. The circumstances which led to the founding of Kappa Sigma Kappa can be traced to the year 1865. When conditions were so uncertain in the United States after the Civil War, there was very little expansion on the part of fraternities then in existence. As a result, three new fraternities were founded at Virginia Military Institute; Alpha Tau Omega was founded in 1865, Kappa Sigma Kappa in 1867, and Sigma Nu in 1869. The second of this triumvirate, Kappa Sigma Kappa, is represented on L. I. T.'s campus by its Michigan Beta Chapter. By becoming a chapter in Kappa Sigma Kappa, this L. I. T. organization comes into possession of traditions which extend eighty years into the past.

During the first half century of existence Kappa Sigma Kappa confined its expansion to southern colleges and universities. However, since then, the fraternity has expanded on a national scale. There are over thirty chapters now in the United States and one chapter each in England and New Zealand.

The founding officers of Michigan Beta Chapter are: George Mulligan, President; Bruce Lyon, Vice-President; Robert Daily, Secretary; Charles Payor, Treasurer; and Henry Molenveld, Sergeant-at-Arms.

# L A M B D A I O T A T A U

In 1934 the need for an honor society at Lawrence Tech was met by forming a society for this specific purpose. The name was chosen from the Greek letters representing L. I. T.

The membership of this society is governed by the Student Council. The requirements for membership are such that more than scholastic honors are needed to become eligible. Participation in extra-curricular activities is an equally stringent requirement for membership. The minimum scholastic record is a weighted average of at least a "B".

Membership keys are awarded annually to Seniors who have been elected to the fraternity.

## A.S.I.E.

*Seated:* Vivus Dorwin, Bruce Lyon, Mr. Bagby, Mr. Graeffe, Felix Polan, John Hansen, Carl Lofstrom.

*Standing:* Jack Dunn, Charles Swanson, Richard Phelps, Bill Kennedy, John DeLorean, Clyde Whitmore, Stanley Lewis.

*Chairman*.....Felix Polan  
*Vice-Chairmen*.....Bruce Lyon, John Hansen, Carl Loftstrom  
*Secretaries*.....Stanley Lewis, Vivus Dorwin  
*Treasurer* .....Charles Swanson

The increasing interest of Lawrence Tech students in Industrial Engineering fostered the desire for a student organization to further their training in Industrial Engineering. After a thorough investigation, this group of students found no student organizations that fulfilled their needs. Not satisfied with this report, the group contacted the American Society of Industrial Engineers and received the No. 1 Charter as a student affiliate.

The student chapter of the American Society of Industrial Engineers received its charter for membership in the national society in November, 1946. Among the founders were Harry Gee, Al DeDona, Bill Kennedy, Jack Dunn, and John DeLorian. The student chapter has steadily grown since its founding to its present membership of 125 students.

It has become one of the more active organizations on the campus. The policy of the chapter has been to have one tour or lecture every month. Other functions include a job placement bureau—attendance at senior meetings—state engineering registration exams—information on graduate school work in 15 major colleges.

*Seated:* Tom Campbell, Roy Heady, Jack Walden, Bill Godschalk.

*Standing:* Rush Chambers, Walter Brown, Charles Eberle, Paul Kennedy.

The Aero Club was organized in 1946 with two main purposes: (1) To develop an outstanding Aeronautical laboratory and Aeronautical curriculum, and (2) to advance the schools' standing by participation in soaring and flying events throughout the country. This organization gives the student that flew during the war an opportunity to stay in contact with the latest developments in the Aeronautical field.

The club is divided into groups or projects that give outlet to any desired field in Aeronautics. Although the Aero Club members do not have much time to work on their projects, the progress of all groups has been outstanding. This type of enthusiasm has pushed them ahead in many of the meets in the past and will be the deciding factor for a successful future.

There are three main fields of interest among the present club members. As in the past, there is a strong feeling for the thrill of motorless flight. This has led a number of the members to start construction of a new glider to represent L.I.T. in future glider meets. The enthusiasm for glider flying is matched by another group that is interested in powered flight. This group is busily engaged in the design and building of a Goodyear Trophy Racer for the Cleveland Air Races. The third group is that small and vitally necessary few who are interested in the furtherance of aircraft design. This group has a wind tunnel under construction with which they plan to check the characteristics of various aircraft design.

## CHEMISTRY CLUB

*Sitting:* Walter Ring, Melvin Rauch, Ralph Boyd, Lloyd Robinson, Arthur Litheredge, Fred Osemlak, Arthur Muller.  
*Standing:* William Quinn, Wilbert Lidtke, Bud Kuczma, Francis Lemmer, Theodore Hayman, Jerome Nowinski, Robert LaPado, Robert Gotts.

### L.I.T. Chapter

A chapter of student affiliates of the American Chemical Society was founded at L.I.T. in April, 1941, and flourished until its members were called into service in the early part of 1942. The chapter was reactivated in January, 1946, and has steadily grown in activities and membership. The object of this chapter is to afford an opportunity for students of chemical engineering at L.I.T. to become acquainted among themselves, to secure the intellectual stimulation that arises from professional association, and to foster among its members, a professional spirit and pride in Chemical engineering.

At present, regular meetings are held every two weeks with a considerable variety in the program from meeting to meeting. In general, there is a rotation among student speakers, faculty speakers, and guest speakers. The subjects of these programs are chemical topics of widespread interest. In addition to these regular bi-monthly meetings during the school year, the club members occasionally make plant inspection trips.

Prof. M. M. Ryan, head of the Chemistry Department, is the Faculty Sponsor of the Chapter and serves as the official link between the American Chemical Society and the Chapter.

The present officers of the Chapter are:

<i>President</i> .....	Fred C. Osemlak
<i>Treasurer</i> .....	Arthur J. Muller
<i>Acting Secretary</i> .....	Walter Melenofsky
<i>Student Council Representative</i> .....	Bud Kuczma

## CIVIL ENGINEERING SOCIETY

*First Row:* R. Snooks, J. Cutchey, E. Driem.

*Second Row:* R. Tyrrell, J. Joynt, J. Taylor, Mr. Menzel, J. Munger, M. Penn, H. Penn.

*Third Row:* V. Rougeau, L. Hendricks, R. Schoof, W. Walton, J. Shugart, M. Nagel, L. Petrykowski, L. Hamilton, J. Timm.

Civil Engineering at Lawrence Tech is a comparatively new course. The end of the second world war found a great number of students interested in civil engineering.

In the Spring of 1947, a group of interested students decided to organize a Civil Engineering Society of Lawrence Tech. This organization is basically not social, but rather a progressive, more technical and professional, group striving to further the technical instruction of its members. Through the very able assistance of Prof. Sheldon, the Society was activated and officers elected. In order for the organization to have a long range effect, affiliation with the American Society of Civil Engineers was thought to be necessary. A letter was sent to New York and a very courteous reply together with all the pertinent information for affiliation was received.

With the advent of the fall term in 1947, a new Civil Engineering curriculum was inaugurated and which promises to be one of the best in Michigan. According to Mr. Menzel, Department Head, a great amount of new laboratory equipment was acquired through the aid of war surplus. Much of this equipment has been adapted for use in the present schoolbuilding, but most of it will be installed in the new Lawrence Tech campus which is now under development.

The Society conducted numerous tours of interested to fledgling civil engineers in the past year. Of notable interest was the inspection tour of the City Water Supply Station and Pumping Plant at Water Works Park.

## VARSIITY CLUB

The Varsity Club suffered during the war as did the other school organizations. With the return to normalcy, the Varsity Club reorganized to carry out its responsibilities in athletic functions. At the first meeting the club selected its new officers.

*President* .....Joe Chirkun  
*Vice-President* .....Bernie Appelblatt  
*Secretary-Treasurer* .....Bill Cook  
*Student Council Representative*.....Ivor James

One of the principal duties of the Varsity Club is to award varsity sweaters. These sweaters are paid for with money the club acquires by putting on certain functions, athletic as well as social. The club now has 97 active members and hopes to make greater strides in their future work.

## VARSITY CLUB

*First Row:* William Harrison, Carleton Ambler, Joseph Wisz, Bill Cook, Whalley Williams, Louis Schmidt, Robert Daily.

*Second Row:* Ben Swiech, Kenneth West, Jack Zimelow, Joseph Chirkun, Frank Moderacki, Mitchell Marcinkowski, Ed Bate, Harry Awdey.

*Third Row:* John Goulasarian, Lawrence Guss, Richard Schuman, Don Ryder, Stanley West, George Warner, Dale Miller, Jim Young.

*First Row:* Adolph Dobeck, Ted Pietrykowski, Keith Fox, Dick Tyrrell, Dick Sinko, Don McLean.

*Second Row:* Bernard Strilcov, Jim Campoli, Bill Hane, John Fontanesi, Bernard Appelblatt, Clyde Whitmore, Jim Wojiechowski, Charles Cacicedo.

*Third Row:* Kenneth Ensign, Harold Helms, John Stewart, James Wilson, Ray Khoury, Tom Landis, Arthur Tomaszewski, Charles Gray, Robert Lund, William Bozgan.

# RADIO CLUB

## OFFICERS

<i>President</i> .....	John B. Scrimshire
<i>Vice-President</i> .....	Michael A. Ziniuk
<i>Secretary</i> .....	Gordon P. Rapp
<i>Treasurer</i> .....	George J. Studnicka

Ever since its reorganization in 1946, the Lawrence Tech Radio Club has been one of the most active groups on the campus. In acquiring its more spacious quarters, the club has been able to make use of the large amount of new radio equipment that has been made available through the efforts of Professor H. L. Byerlay, the club sponsor. The installation of a powerful 400 watt phone and CW transmitter has given W8QOA, the club's station, an outstanding signal on the 20, 40, and 80 meter amateur bands. Known on the air as "The Voice of Lawrence Tech," W8QOA has succeeded in establishing contact with stations in all parts of the United States and foreign countries.

The principal aim of the Radio Club is to foster the knowledge of amateur radio among the members. The results of this aim was seen when several members took, and successfully passed, the F.C.C. examination for their operator's licenses. Among the membership during the last year may be found the calls W8BKF, W8BPS, W8BRL, W8PZL, and W8YPF.

For those students who are interested in radio communication, membership in the Radio Club offers a fine opportunity to acquire more knowledge and experience in that field. To become a member, it is necessary to attend a club meeting and fill out an entrance form. The cost of membership is a nominal entrance fee and small monthly dues. Meeting notices are posted on the Radio Club section of the bulletin board.

## RADIO CLUB

*Sitting:* John Scrimshire, Ed Swiech, Ed Golota, Russ Noble, Ralph Michelson, Donald Cady, George Studnicka.  
*Standing:* John Nolan, Harold Penn, William Herkimer, Mike Ziniuk, Victor Bower, John Brauner.

## RIFLE CLUB

*President* ..... Frank A. Veraldi  
*Vice-President* ..... Lee Brooke  
*Secretary* ..... Bernard G. Strilcov  
*Treasurer* ..... Frank Cucchi

The primary function of the Lawrence Tech Rifle Club is to supply the members for the Lawrence Tech Rifle Team. The club operates a 50 foot, four place range on the fourth floor of the school. The range is used to train club members for the rifle team. This training has aided the team in its intercollegiate matches. This training also aided the members of the Rifle Club to place near the top in individual matches at Mt. Gilead, Ohio, Camp Perry, Ohio, and Wyandotte, Mich.

## S.A.A.B.L.I.T.

*Left to Right: Jack Dunn, Walter LeValli, Walter Bazylewicz, Coach Don Ridler, Dave Anderson.*

The Social and Athletic Advisory Board of Lawrence Institute of Technology, or Saablit as it is better known, was formed at the beginning of the 1947 fall session to function, as its name implies, as a student aid in Lawrence Tech's great sports and dance program. This board was instrumental in bringing the first big-time basketball program to the Detroit area. The presentation of big name bands at the Saablit sponsored dances made an enviable social program for Tech.

The board's membership is made up of two representatives from the major student groups in school. The board advised which bands to hire and upon what dates the dances should be held. Another responsibility of the board was to secure catering concerns to take care of the concessions, food, soft drinks, and checking, incident with such an advanced social program.

S.  
A.  
E.

*Seated:* Walt Mills, Albert Nash, James Neumann.  
*Standing:* Steve Sobak, William Dow, Harold Penn, Charles Vranian.

Having brought a semblance of peace back to the world, the students of L.I.T. once more turned their attention to the task of getting an education. With the pressure of war time requirements and conditions gone the students began to put new life into extra-curricular activities. The Society of Automotive Engineers prospered from this and grew from a handful of members to a record breaking membership of 367. This membership placed L.I.T. as the largest student branch in the United States.

The fire and punch for this progressive organization supplied by Al Nash, the first post-war chairman, Don Estler, Gil Drutches, Bill Dow, Jack Walden, and Walt Mills.

The most outstanding event on the SAE program during this first post-war year was an Engineer-Student dinner meeting held in the Rackham Memorial Building. This meeting was arranged for and conducted by the student members. This meeting was the first of its kind, being completely a student activity.

The election of officers for the school year of 1947-48 put Walter Mills in as chairman, James Neumann and Mason Noble as vice-chairman, Harold Penn as secretary, and Steve Sobak as treasurer. Al Nash and Charles Vranian accepted the responsibility of membership chairman and publicity manager respectively. These men have continued to carry on the traditions of the SAE by providing a means for engineering students to become acquainted with both industrial engineering problems and practicing engineers.

## TELEVISION SOCIETY

Michigan's first television society is enjoying its Tenth Anniversary Year. The club organized in 1938 for the purpose of building a laboratory where test and experimentation could be carried on, especially in the television field. The Society might have realized its ambitions had not the war intervened, necessitating a postponement of the Society's activities.

With the end of the war, the Society reorganized and resumed the regular meetings on the first and third Thursdays of every month. The membership in the society is limited to fifteen, although associate memberships for students interested in television are not limited. The meetings of the society are open to all Tech students.

The society was very active during both 1946 and 1947, giving lectures in Television theory and demonstrations in the use of television test equipment. These functions were well received by the members and also by the Radio Service Men, present at special meetings.

The society is now busy building television receivers under the direction of Clark Quinn, the Society's Project Coordinator.

## STUDENT COUNCIL

The Student Council is the student governing body of the school. A seat on the Council is authorized for all classes, clubs, and other organizations having thirty-five or more members.

After a dormant period, during the war years, a rejuvenated student body saw the necessity of renewing Student Council activities at L.I.T. A college-wide election was held and Jim Carey was elected the first post-war Student Council President. The Council's first year's activities were devoted to the promotion of a keen student interest in school activities. A new committee, the Freshman Orientation Committee, was initiated in an effort to acquaint incoming freshmen with the many aspects of their life-to-be at LIT. The orientation is carried out by upper classmen with the cooperation of the English department. This committee has established its merit and is being incorporated as a standing committee.

The fall-term of 1947 got off to a flying start with the largest student vote in the history of LIT. Al Nash was elected President of the 1947-48 Council. The ready made project for this Council was the revision of the Student Council Constitution and the continued promotion of student activities. The Council membership approached the forty mark as new clubs and organizations flourished.

Mr. Edwin Haire of the Mathematics Department accepted the invitation of the Council to represent the faculty and administration on the Student Council.

## LAWRENCE TECH NEWS

Whether it's one of Dr. Graeffe's soliloquys, John DeLorean's satirical comments, or President Lawrence's announcements, it all comes out in the TECH NEWS.

Acting as the official publication of the college, the TECH NEWS is sponsored by the Student Council and has presented every available newsbreak, social event, and item of student interest under the direction of Co-Editors Frank Marra and Harold Price.

The team of Price and Marra has a journalistic background dating back to the editing of their high school newspapers and annuals to writing for service publications, with Price cutting up for the Army and Marra collaborating with the Navy.

Since its rebirth, following the close of the war, the TECH NEWS has grown in size and coverage with the increase in student enrollment and instigation of a widespread social and athletic program, to where it is now an eight page bi-weekly publication.

The complete editing process, from getting assignments, scouring for information, writing, rewriting, typing, proofreading, make-up, composing heads, contracting for advertising, to the final proof reading of the page, was handled with the assistance of an editorial and business staff composed of: Feature Editor, Ray Stevens; Night Editor, Richard Larkins; Sports Editor, Carl Strauss; Photographic Editor, John Dunn; Business Manager, George Mulligan; and Distribution Manager, Leon Kozirowski.

Mr. Carl Einhorn of the English Department acted as the faculty sponsor to the newspaper. His professional experience and background concerning newspaper work benefitted the staff considerably.

The TECH NEWS staff cite "the best news break of the year" as President Lawrence's Announcement of the purchase of a large tract of suburban land and his plan to build a new and greater Lawrence Tech.

With the closing of the school year and the publishing of the L-BOOK, the TECH NEWS editorial staff would like to extend its gratitude for the cooperation received from all clubs, societies, and fraternities on campus, in meeting all necessary deadlines and supplying invaluable information.

## “L” BOOK STAFF

The task of producing an “L” Book requires a little more than pushing a few odd photographs into place or listing the names of the student body. It requires the daily labor of a few conscientious workers who will devote all their time towards the consolidation of this — our book of memories. The cooperation of these few, who are given a brief word of thanks for hours of untiring work, is seen in the pages of this book. On the part of the student body, therefore, we take this opportunity to thank, primarily, M. Victor Bower, Editor-in-Chief of this “L” Book, members of his staff, and the many unnamed contributors, for their untiring efforts in the production of this monument to our student life:

20.....	Defiance.....	0
24.....	Port Huron, J. C.....	0
0.....	Detroit Tech.....	0
7.....	Hiram.....	13
13.....	Adrian.....	0
13.....	Hillsdale.....	32

The start of the 1946 football season brought back coach Don Ridler, who led the Blue Devils from 1938 to 1941.

Upon his return, Don found only one regular left, Walter Bazylewicz. The rest on the squad was built around Walt at center. The team's inexperience was a difficult handicap to overcome. The season was not too successful with a four won, three lost, and two tied.

The fall of 1947 brought disappointing news; Tech dropped its football schedule. The urgent need for laboratory space occupied by the football training equipment, locker and shower rooms, were taken over. The Lawrence Tech Athletic Board voted to discontinue the sport until the time when the space can be restored for football activities or until other arrangements can be made.

## BASKETBALL

### 1946-47

After a lapse of four years, the Blue Devils of Lawrence Tech returned to the hardwood court and compiled the most amazing record in the school's history by winning 26 of 30 starts. Leading the Blue Devils was Norm Hankins, the "Kid from Kokomo," who broke the school scoring record by tallying 367 points in 22 games.

The highlights of the campaign were the double winning streaks of twelve games. The Blue Devils swept their first twelve games before dropping games to Siena, 60-36, and L. I. U., 80-53. After this they proceeded to drub twelve consecutive opponents before losing to DePaul, 83-50. The season was capped when Tech swamped their downtown rival, D. I. T., 74-47.

As a result of their great record, the Blue Devils represented the State of Michigan in the N.A.I.B. Tournament at Kansas City, where they were beaten in the first round by the number two team in the tourney, Emporia State Teachers, 78-54.

### 1947-48

After compiling a terrific 26-4 record the previous year, Lawrence Tech attempted the most ambitious schedule in the school's history. Games were arranged with some of the nation's finest quintets, with fifteen games scheduled at the mammoth State Fair Coliseum.

The Blue Devils opened the season by trouncing Indiana Tech, 86-48. Tech was paced by Norm Hankins and Carl Campbell, who scored 27 and 20 points respectively. Tech then proceeded to break the school scoring record by swamping Fort Custer, 114-46. Norm Hankins broke his own individual scoring record by chalking up 31 points. Walt Maconochie, brilliant freshman guard, scored 20 points in this game.

Paced by the high scoring Hankins, the Blue Devils defeated North Dakota State, 61-47, Gonzaga, 56-47, Ashland, 70-53, and Arkansas State, 60-48. In the first defensive game of the year, Tech defeated the tall Texas Christian U. quintet, 42-40. In this game it was the stellar play of Dave Talbert and the opportune sharpshooting of Bernie Appelblatt that carried the Blue Devils to victory.

In the first overtime game of the season, Tech was beaten by the scrappy Utah State five, 62-58. It was the one-hand shooting of two players, Nathan Done and C. P. Jorgensen, who scored 19 and 20 points respectively, that brought about Tech's defeat.

With Norm Hankins breaking his own scoring record by tallying 35 points, the Blue Devils defeated the U. of Delaware, 66-49. The ninth victory of the season came at the expense of Carnegie Tech, 81-52. Again Norm cracked his scoring record by connecting for 38 points. The next game was the second victory over Fort Custer, 94-60.

The powerful Xavier Musketeers handed the Blue Devils their second defeat of the season, 66-50, but the Techmen bounced back in the next game to swamp Rio Grande, 83-28. St. Bonaventure inflicted the third defeat on the Blue Devils at Buffalo, 54-49, despite the 24 point effort of Norm Hankins.

The Blue Devils took the next two games in stride as they dumped Colorado State, 72-43, and Western Ontario, 82-65. Norm Hankins led the team in both triumphs by scoring 26 and 28 points.

The Lawrence Tech victory over Tulsa U. was marred by the Hurricane's coach pulling his team off the floor with two seconds remaining in the game. Tulsa showed a powerful attack in the first half, which gave them a 34-18 half-time lead. Tech caught fire in their greatest second half rally of the year to come out on top with a 60-58 score. The clutch shooting of Johnny Polance turned the trick for Tech.

With Norm Hankins scoring 30 points, Tech trounced Tri-State, 81-45. This triumph was followed by Tech's second overtime defeat of the season. This time the victor was Niagara U., 56-54, making it Tech's fourth defeat of the year. Walt Maconochie ignited for 23 points in this fray, but his efforts were of no avail as the Purple Eagles showed their defensive prowess under the basket.

The second century victory for Tech came at the expense of Adrian, 101-65. The "Kokomo Kids," Hankins, Talbert, and Campbell, combined for 64 points to make it an easy game for Tech. In a return game of a home and home series with St. Bonaventure the Blue Devils avenged an earlier defeat by showing complete control of the ball, 43-38.

The powerful DePaul Demons handed Tech its worst defeat of the season by trimming the Blue Devils, 73-47, on their home court. The Demons handcuffed Tech's scoring ace in this contest. Hankins was held to his lowest total of five points for the game.

After the humiliating setback by DePaul, Lawrence Tech roared back with savage fury by trouncing Iowa Wesleyan, 86-44. Paced by the shooting of Norm Hankins and Johnny Polance, the Techmen were never in danger. Continuing their relentless drive, the Blue Devils massacred the Selfridge Field quintet, 102-50. Once again Hankins broke his own individual scoring record by sinking 18 out of 24 chances from the field and four straight free throws for a total of 40 points.

Photo by Snuffy McGill

Displaying their finest form of the season, the Blue Devils soundly trounced the highly rated Texas Wesleyan Rams, 67-47. Paced by the spectacular one hand shooting of John Polance and the splendid work of Jim McHale and Carl Campbell on the backboards, the Blue Devils took the nip and tuck battle with a great rally in the second half. Another feature of the game was Chuck Cacicedo's remarkable guarding of E. F. Parham, the Rams spectacular scoring star. After the Texas ace scored two baskets in the first minute of play, Chuck took over, put the clamps on the Ram's star, and held him scoreless from the field. The final game of the season was a hard fought win over the St. Francis Red Flashes from Pennsylvania, 61-53.

With the completion of their successful season the Blue Devils received the invitation to represent Michigan in the N.A.I.B. Tournament in Kansas City. It was their third invitation to the small college classic. They opened their appearance by trouncing Appalachian State Teachers of Booth, North Carolina, 76-48. Paced by Norm Hankins, Carl Campbell, and Walt Maconochie, who scored 25, 16, and 11 points respectively, the Blue Devils rolled to an easy triumph. At half time Tech led 42-18 and had no trouble maintaining a comfortable margin.

In the second round Tech met defeat at the hands of the powerful Beloit quintet, 78-62. The Blue Devils had a bad first quarter, and were still trailing 24-41 at half time. Hankins led Tech's rally in the second half but the Blue Devils could not cope with the long range artillery of the sharpshooting Wisconsin aggregation.

Photo by Snuffy McGill

Post season honors go to Norm Hankins, Tech's crack forward, who was the nation's major college scoring leader. Hankins chalked up 630 points in 28 games, making an average of 22.5 points per game. He also made honorable mention on the A. P. all-American Basketball Team. His performance in two games at Kansas City gained him further honors when he was named to the third team on the N.A.I.B. All-Tournament Team.

Although the team wound up the season with a won-lost column of 22-6, the team scoring was of a caliber which enabled them to finish in the fourth spot for scoring honors in the country.

## FRESHMAN BASKETBALL TEAM

Lawrence Tech's Little Blue Devils proved themselves a winning ball team. The Frosh team, coached by Walt Bazylewicz, emerged victorious twenty-three times in twenty-five starts.

The team started the season with a seven game winning streak before being stopped by the "Bale Post" team, holders of the Detroit City Class 'A' Championship. In this game, the Frosh led up to the final three minutes when they faltered and lost by the score of 56-50.

The Frosh bounced back with wins over Michigan Normal, Club El Toro, Rossford Ohio, American Legion, First Presbyterian and Jackson Junior College.

With the record of twelve wins and one loss, the Freshmen squared off against St. Stanislaus C.Y.O., major division finalists. After a close ball game and holding the lead until the last two minutes of play, the Little Blue Devils lost to St. Stanislaus by a 38-35 decision.

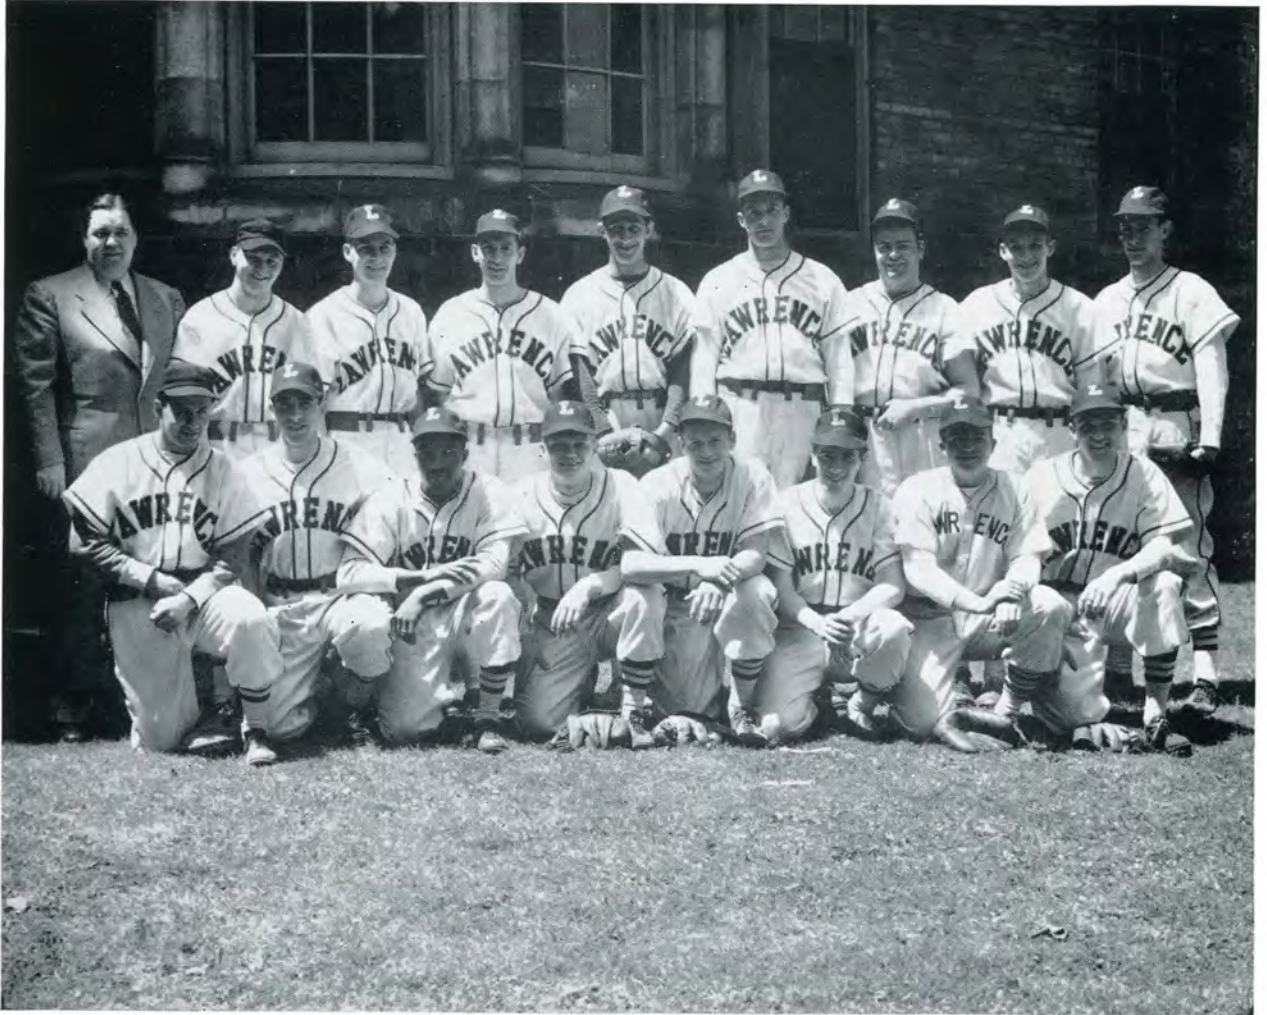

Lawrence Tech's Frosh team settled down to work and knocked off eleven straight wins. During this streak, the boys beat Burz A.C., Highland Park Junior College (twice), Jackson Junior College, Adrian Frosh (twice), Michigan Normal Frosh, Gabriel Richard K. of C., St. Benedict C.Y.O., Metropolitan Methodist, and McFarland Dearborn.

The Frosh squad compiled the best record ever made by any Lawrence Tech frosh team.

## BASEBALL

Don Ridler, combining the services of several veteran players with that of some outstanding first year men, coached the 1947 baseball squad to a successful season. The team had a won-lost record of (7-3).

The Blue Devils opened the season at home by blasting Ferris in both games of a twin bill by the overwhelming scores of 22-1 and 14-5. Lillard Cobb, Tech's star pitcher and outfielder, started on the mound for Tech in the first game, retiring in the fifth inning with the score 16-0. He allowed

two hits, walked none, struck out 11, hit a home run, double, and single, besides scoring three runs. The homer came with the bases filled. Don Rasinen relieved Cobb and also turned in a creditable job. The Blue Devils continued the onslaught in the second game and emerged with a 14-5 victory. Cobb played centerfield in this contest and continued his phenomenal hitting pace. He collected two home runs and a single. One of the home runs came with the bases full. Norman Boutin started on the mound for Tech giving way to Ivor James, Charles Gray, and Don Rasinen in that order. Some other players who turned in good hitting performances in the twin bill were Joe DeGrazia, Ed Wojiechowski, Harold Zang, and Dick Sinko.

Tech's next opponent was Findlay who proved to be a little more troublesome. This also was a double-header. Lillard Cobb started on the mound for the Blue Devils in the opener and emerged with a 4-2 victory. However, Tech was not as fortunate in the second game, being defeated by a 9-7 score. In this contest John Fontanesi and Ed Wojiechowski connected for round trippers. Don Rasinen started on the mound for Tech but Cobb came to his relief in the late innings of the game. However, Don pitched a much better game than the score indicated.

The next game proved to be another slaughter as Tech handed Olivet a 19-1 shellacking. Ivor James started on the mound for the Blue Devils, and was replaced in the seventh inning by Charles Gray. Tech sewed up the game in the second inning when twelve men crossed the plate.

The Blue Devils then took to the road as they engaged Olivet at Olivet, Michigan. Tech showed a complete reversal of form in this game and was defeated by a 12-8 score. Hal DeVoll started on the mound for Tech and was relieved by Ivor James in the sixth inning.

Another twin bill was played as the Blue Devils split with Indiana Tech. Lillard Cobb started on the mound for Tech and gained his third consecutive victory by a 5-3 score. The Blue Devils were defeated in the nightcap by an 8-3 score. Ivor James started on the mound and gave way to Hal DeVoll in the sixth inning with the score 3-1 in Tech's favor. Indiana Tech scored its eight runs on three hits.

On the following day, the Blue Devils traveled to Angola, Ind., for a twin bill against Tri-State. Hal DeVoll won the opener with an impressive 5-1 score. Don Rasinen started on the mound for Tech in the nightcap and emerged with a 6-1 victory. Ed Wojiechowski and Joe DeGrazia connected for tremendous 400 foot pokes in the contest.

There were several other players whose names have not been mentioned and who have turned in fine performances. They are: Bill Faria, Ray Khoury, Bob Theisen, Bill Hane, Felix Polan, Guy Simon, and Bill Cook. Most of the players mentioned will be returning for the coming season. At the conclusion of last season, Hal DeVoll and Joe DeGrazia were signed to play professional baseball.

## TRACK TEAM

Coach Joe Hill started the 1947 track season with only two experienced runners on the team, Norm Hankins from Indiana Tech and Mitch Marcinkowski from U. of D. These two men gave him star performance in the 100 and 220 yard sprints and the quarter mile respectively. The inexperienced men gave good accounts of themselves in the field events but showed up poorly in the distance events. This proved to be Tech's downfall. The season did not show a single Lawrence Tech win.

Members of the team were:

Bill Alford.....	220 and Hurdles
Bill Harrison.....	$\frac{1}{4}$ Mile
David DeRoo.....	$\frac{1}{4}$ and $\frac{1}{2}$ Mile
Art Tomaszewski.....	$\frac{1}{2}$ and 1 Mile
Jack Stewart .....	Hurdles
Louie Schmidt.....	Pole Vault
Bill Gehring.....	1 Mile
David Tepper.....	2 Miles
James Landis .....	Hurdles
Richard Pearsall .....	1 Mile
Whalley Williams.....	100, 220 and Hurdles
* Absent from picture.	
Norm Hankins.....	100 and 220, Pole Vault and High Jump
Harry Kasanjaia.....	1 and 2 Mile
Mitchell Marcinkowski.....	$\frac{1}{4}$ Mile, Discus and Javaline

## FENCING TEAM

In 1945 fencing once again became a recognized varsity sport by Lawrence Tech. Before the war Dr. Graeffe coached the fencing team but with the expansion of the school he was unable to carry on this extra load. James Campoli, a member of the team, took over the task of coaching this first post-war fencing team.

In 1946-47 season, Tech lost the first two meets, once to Wayne and once to Un. of Illinois, by the identical scores of 15 to 12. The team continued the season in championship form beating Case Institute of Cleveland, twice, Toronto, Cincinnati, and Michigan State. The match with Michigan State involved the Osis trophy. With the victory over Michigan State Tech climaxed the most successful season that a Tech fencing team has had.

The 1947-48 season has shown the promise of a very successful season. So far the team, built around a strong nucleus of experienced fencers; James Campoli, Dick Yasenchak, and Clyde Whitmore, has won 6 matches and lost 2. This team lost the Michigan Intercollegiate Championship by one point.

The members of the Tech varsity fencing team are well known in non-collegiate fencing matches. They have won State medals in both team and individual competition. Not a single State Tournament has been held without a Tech fencer placing.

The future of Tech fencing should continue to be successful. The Junior Varsity team has gained valuable experience under the instruction of James Campoli and Dick Yasenchak. The team for next year should find only Clyde Whitmore missing, by graduation.

## TENNIS TEAM

The 1946 Lawrence Tech tennis team, coached by Ralph Emig, was built around the spectacular John Blossom. Blossom dropped but one match during the season, a three set battle against Norbal Reens of Calvin College in the face of a 35 mph gale. The rest of the team that carried Tech to a winning season consisted of Bill Bigelow, Ted Pietrykowski, Ben Gutowski, Clayton Schultz, and Bob Dailey.

The 1947 tennis season saw Lawrence Tech play with its first full team of six men since 1940. Paced by the steady net work of freshman Harry Braga, Rochester High ace, the Blue Devils raced through a ten match schedule to produce the finest record in the school's tennis history. Tech scored nine victories while dropping a hard fought match to Calvin at Grand Rapids.

The Blue Devil squad, composed of Braga, Capt. Ted Pietrykowski, Ben Swiech, Jack Zimelow, Bob Dailey, Ken Ensign, Don Ryder, and Ray Jonassen, was again coached by Ralph Emig, former Tech tennis star.

Tech opened its schedule by trimming Ferris Institute, 6-1. The Blue Devils swept the five singles matches but divided the doubles. The second meet was another easy victory over Assumption, 5-1. Tech's third consecutive triumph was a 5-1 win over Highland Park J.C. in a meet curtailed by showers. The loss in singles was the first dropped by the Tech netters.

The lone defeat on the schedule was administered by Calvin College at Grand Rapids. The score was 9-0 but three of the matches were two hour three set defeats. It was in this meet that the No. 1 double combination of Braga and Pietrykowski lost their only match of the year.

The next four meets were one-sided victories for Tech over Assumption (9-0), Olivet (8-1), Detroit Tech (7-2), and Olivet again (7-2). Reaching their season peak, the Blue Devil netters were never threatened in any of these meets.

Lawrence Tech's eighth victory was a hard earned 4-3 triumph over Alma College at Alma, Mich. In this meet, the crucial match was the No. 5 singles won by Bob Dailey over Darius Izadi, 6-3, 3-6, 10-8. The remaining singles and doubles matches were evenly divided.

The 7-2 triumph over Detroit Tech capped the most successful season in the school's annals.

As the new season approaches, Coach Ralph Emig is very jubilant. The reason for this enthusiasm is the return of six of last season's victorious crew, Harry Braga, Ted Pietrykowski, Ben Swiech, Jack Zimelow, Bob Dailey, Don Ryder and the simultaneous return of John Blossom, the 1946 star. This stellar array of netters, plus the best turnout of new court talent in many years promises to give Lawrence Tech one of the best teams in its history.

Tech's 1947 Golf team was the strongest that has ever represented the school, since Golf was included in the sport program in 1937. The team won 6 out of 10 matches for the season.

In individual scoring, Capt. Harold Helms paced the team by winning 8 out of 10 matches. Co-captain Bill Kargetta and George Warner were close contenders for individual honors by winning 7 and losing 2. Ed Bates a No. 6 position substitute had the honor of going undefeated, winning 3 out of 3 matches. Other members of the team were Harry Awdey, Hans Schultz, and Dick Shuman.

The 1948 season should find only Hans Schultz missing, as the team starts on an improved schedule. As in the past, Dave Anderson, a former star L. I. T. golfer, is coaching the team.

## SENIOR ACTIVITIES

The long, long trail awinding into our dreams has finally reached its goal — GRADUATION. Lovely word that! Just let it roll off your tongue as you start to reminisce. It wasn't all hard work and "book larnin."

Remember the freshman Hell Week? Our naiveness let us take the first indignities, but at least one graduating Senior remembers obtaining revenge by hanging a pair of pants at half mast on the flag pole. And at high noon at that! These initial activities were soon forgotten in the rush of forced labor.

Then it came — Somewhere in the Sophomore year! The campus of L. I. T. became deserted as the students fell victim to the "Old Army Game." Since then they haven't trusted Recruiting Officers.

As the years struggled by, they finally came to the spring of 1946. Lo and behold! There, in the same hallways, stood a token number of the old faces. The returnees knew for sure they were back when a certain instructor interrupted their group in the hallway and inquired, "Why aren't you fellows studying? Don't you have anything to do?"

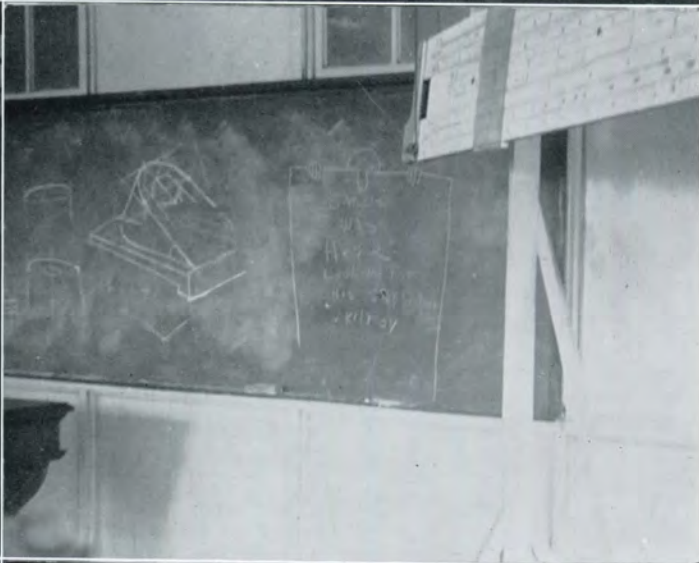

The spring returnees took long anticipated Summer vacations while awaiting the rest of their buddies to give Uncle Sam a short goodbye salute. The class of '48 came back in the fall with the determination to "hit the ball" but swearing that it didn't make any difference in DC Circuits. The Junior Prom, featuring two name bands, put the skids under another year and a skeleton in our closet.

Summer school showed the tendency of a number of Seniors to try hurrying their graduation. At the end of this quarter, still MORE Seniors took unto themselves a wife; while on the shores of Lake Michigan, a number of the "more timid" Seniors were just taking unto themselves.

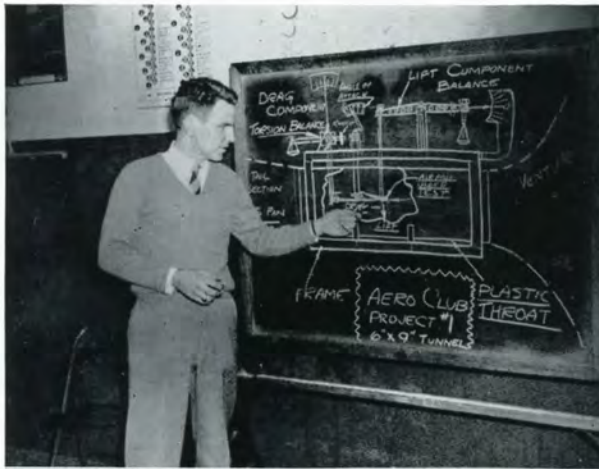

At first, the Senior Year looked to be just another grind, but a landfall in the form of the Athletic Program came to the rescue. Big time basketball and big name bands! Basketball took place in the mammoth State Fair Coliseum and dancing afterwards in the Horticulture Building next door. The basketball team put on a tremendous show for the spectators, but the games were matched by the wonderful dancing which followed. The dances started with a bang by presenting Tommy Dorsey, then kept up the tempo with such names as Gene Krupa, Ray Anthony, Skitch Henderson, Ray McKinley, Bobbie Sherwood, Eddy Howard, Woody Herman, and Stan Kenton.

Come March 6th! A strictly-Senior Stag Party at the Hotel Fort Wayne—music by a pure Hillbilly Band from "Deetroit," put a fitting climax upon the college life of the March graduating class.

Back to the grind until June for those unfortunate UNDER graduates!
